ANTIOCH, ILLINOIS, THURSDAY, JULY 24, 1969

VOL. LXXXIV. NUMBER 5

This is a typical rehearsal by PM&L Players getting ready "A Funny Thing Happened on the Way to the Forum." Players include, from left, Ken Smouse, playing Senex; Bill Sereshon, Mysterium; Steve Strang a Protean, and Wes Camp, Miles. All are from Antioch.

"Forum" Is Funny Play

Grab your toga and take your chariot down to the PM&L Theatre, 877 Main St., Antioch, to see the side-splitting, fast-moving musical comedy "A Funny Thing Happened on the Way to the Forum" on July 25, 26, August 1 or 2, at 8:30 p.m.

Ticket sales are going well so be sure to call Ricky Apostol, 395-1217 or Shirley Jensen, 395-0539 to reserve a ticket so you'll be sure of a seat. Season tickets for PM&L Season IX are also still on sale for theatre-goers who would like to save a few dollars. Ken Smouse directs the produc-

tion. Cheryl Hughes is pianist. Mike Gilles plays drums. Gloria Davis is choreographer, and Alleen Biel is stage manager.

Don Beveroth stars as Pseudolus, the slave, who is the catalyst of all the mad and zany happenings from beginning to end.

He is supported by Ken Smouse, Betty Vaughn, Kris-Ann Fournier, Rich Irmann, Wes Camp, Bob Andersen, Dee D'Isa, Linnea Sereshon, Joan Horton, Avis and Elda Minger, Gigi Palaske, Steve Strang, Jay Horton, and Marty Luslak.

The theatre has been buzzing all summer with activity, but it is reaching a crescendo this week with last minute set building, painting, and remodeling of the lobby.

Togas and dancing girl costumes are being fitted and hemmed, hair is growing longer to suit the fashion of those many years ago—or does it look like today?

PM&L says—"Forget the summer heat—PM&L Theatre is cool. Forget your troubles—at this show you can't help but laugh. See you at the Forum."

Report From Germany

EDITOR'S NOTE: John Bonner, Rt. 2, Lake Villa, is one of six Illinois delegates participating in the 1969 International Farm Youth Exchange (IFYE). This educational six-month program involves 35 countries and 200 young people is conducted by the National 4-H Foundation for the Cooperative Extension Service and the Ministry of Agriculture in Germany.

Financial support on the state level comes from the Illinois 4-H Foundation through 4-H Clubs, local organizations, business concerns, Rural Youth, and individuals interested in world understanding. The Lake County Farm Bureau and the Kellogg Foundation were major contributors to Bonner's program. Part of John's program responsibility is to share his experiences through a series

of letters while in Ceylon and through programs when he returns. Until December, 1969, his address is John Bonner, c/o Miss Amstratrin Karin Hinrichsen, Postfach BM, 53 Bonn, Duisdorf, Germany.

By John Bonner

It is 6:45 a.m. and the morning chores are done. Everyone on the Johannes Schwartzkop farm comes into the big Niedersachsen (house-barn with a thatched roof) for breakfast.

Breakfast on a German farm like in America is very similar every morning. The meal always begins with fried potatoes and this is followed by bread and jelly and a type of cold oatmeal with warm milk.

The meal is soon over and everyone returns to work. I learned very soon after my arrival

that everyone had a certain job to do and no one else does it for him without being asked.

At 9:00 a.m. we all return to the kitchen for a sandwich of cold meat and tea. After this midmorning break we don't eat again until dinner which is at 11:30 a.m. This is the big meal of the day with meat and potatoes.

Any American would soon notice two things about dinner. First there is no liquid on the table to drink. There is usually some type of sauce instead. Secondly you eat everything that you put on your plate. This includes any fat on the meat, and the meat is not trimmed of fat as it is in the United States. After eating everything on the plate, the typical German will use his spoon to finish.

(Continued on page five)

Last Week For Tickets To Ballgame

This week will be the last chance for those who wish to purchase tickets for the Antioch Chamber of Commerce Baseball Outing on Aug. 6.

The Chamber is sponsoring the visit to Milwaukee County Stadium where the Chicago White Sox will meet the Washington Senators under former slugger Ted Williams.

All tickets are lower deck box seats and transportation will be by bus, leaving the Antioch Travel Agency at 5:45 p.m. sharp. Game time is 7:03 p.m. and ticket and bus fare is \$6.25 per person.

Tickets can be purchased at the Antioch Chamber of Commerce office at 966 Victoria St., or John Romer Agency, 390 Lake St., Antioch.

Tickets will be available only through July 26.

Lappen Completes Training Program

Lake Villa resident James M. Lappen, who is a staff manager of the Prudential Insurance Co.'s Waukegan district office, located at 2217 Grand Avenue, recently completed a five-day management training program held in the company's Mid-America home

(Continued on page three)

Nuclear Station Displayed

Commonwealth Edison Company will display a replica of its Zion nuclear power station at the upcoming Lake County Fair. John Hughes, Edison district superintendent, said the exhibit was specially made for Edison by Westinghouse Electric Corporation and shipped to Chicago from Pennsylvania. The exhibit is a true-to-scale model of the Westinghouse designed pressurized water reactor plant being installed at Edison's Zion site.

Hughes said Zion station will be one of the largest nuclear plants in the world. The station will consist of two 1.1 million kilowatt units capable of supplying electricity for a city of nearly 2 million persons. The units are scheduled for service in 1972 and 1973 respectively.

The Lake County Fair will be held from July 23 through July 27 at the fair grounds located northwest of the intersection of Routes 120 and 45 just east of Grayslake. The Edison exhibit will be one of hundreds of commercial, industrial and agricultural products and displays on view at the fair daily from 9 a.m. to 10 p.m.

Grade School Budget Up For '69-70

The Antioch Grade School Board has approved a budget of \$700,505 for the 1969-70 school year and a public hearing is scheduled at 7:30 p.m. Sept. 16.

The new budget, which is up \$68,235 over last year's, will be available for public inspection at the school's office after July 31.

The board appointed Harry Stewart, RFD 2, Antioch, to replace Fred Wachta, who resigned from the board. Stewart will serve until the next board election.

The board heard a report from its architects who said plans are progressing for the new middle grade school building on Rte. 173 and bid letting should be accomplished at the August meeting.

Supt. Richard Whitacre said five teachers are still needed to complete the faculty for the new school year. Sought are teachers for grades 1, 3, 4, 5, and a girl's physical education instructor.

Chere Sturgeon Joins Allstate

Chere Sturgeon, 378 Lakewood drive, Antioch, has joined the Allstate Insurance Companies in the Services Accounting Department of the firm's Illinois Regional Office, 7770 Frontage Road, Skokie, Illinois.

Antioch Girl A Delegate

Delegates from Lake County will be among 300 Illinois 4-H youth expected at the 30th annual Junior Leadership Conference at Monticello, July 21-25. The conference will be at 4-H Memorial Camp.

Representing Lake County will be Roger Shanks, 18, son of Mr. and Mrs. Douglas Shanks, Grayslake, and a 9 year member of the Happy Haycocks 4-H Club; William Regner, 16, son of Mr. and Mrs. Alfred Regner, Round Lake, and a 6 year member of the Volo Ag 4-H Club; Mary Kay Nachowicz, 17, daughter of Mr. and Mrs. Jacob P. Nachowicz, 259, N. Greenview, Mundelein, and an 8 year member of the Mundelein Elms 4-H Club; Judy Hevredje, 17, daughter of Mr. and Mrs. Edward Hevredje, Rt. 2, Box 458, Antioch, and a 9 year member of the Sequoia 4-H Club.

The above delegates were selected on their over-all participation and achievements in the 4-H Club program during their 4-H Club career.

This is the highest County award given a 4-H Club member. These young people are expected to bring back much information

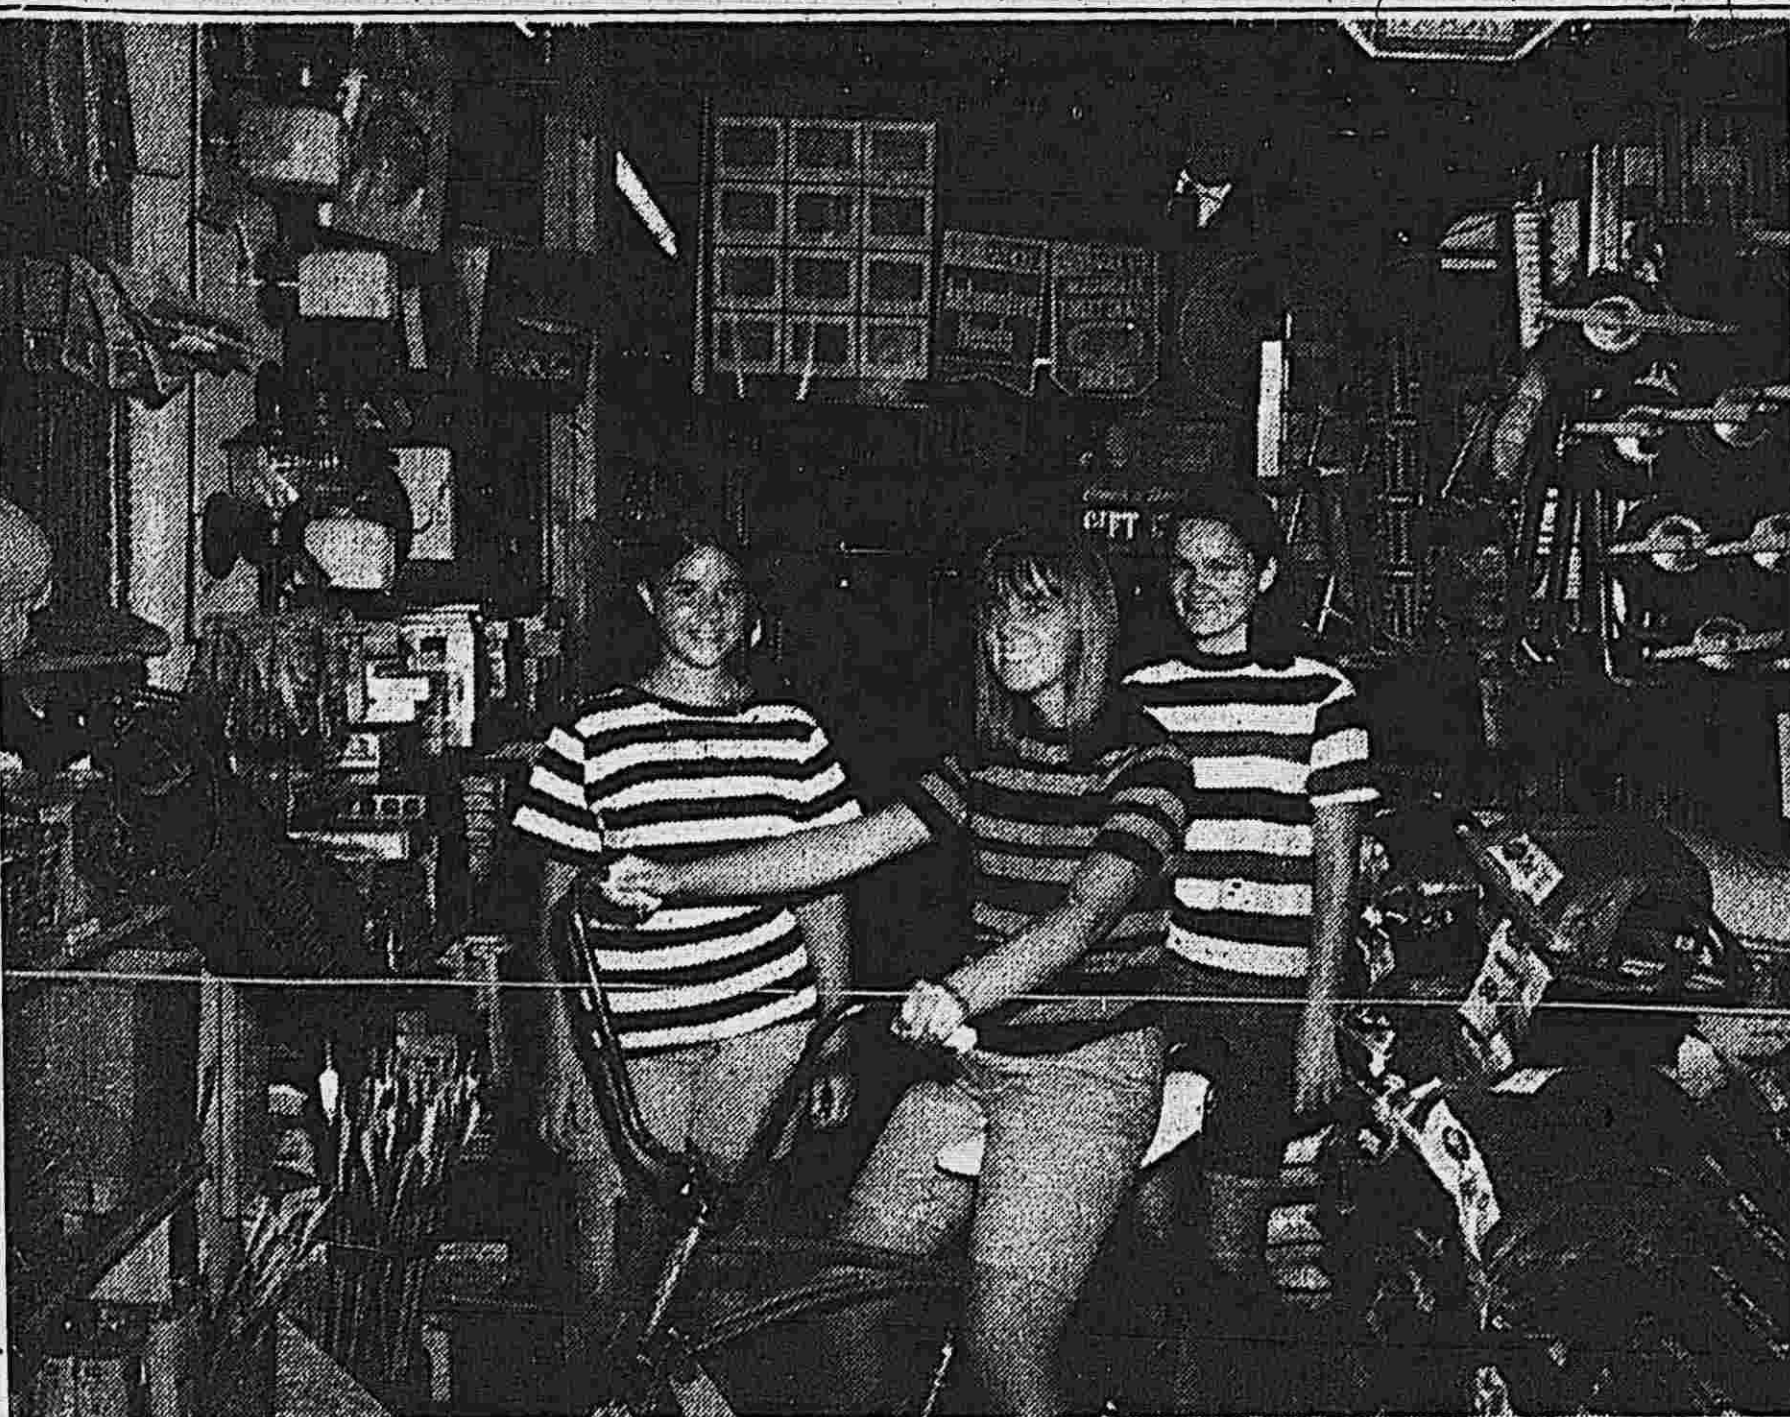

(Continued on page three)

Lions Club Picnic Is Progressing

The Annual Antioch Lions Club Farmer's Picnic Chicken Bar-B-Q, scheduled for Sunday, Aug. 3, is shaping up as a gala affair at the Antioch Aqua Center from 11 a.m. to 6 p.m., announced Arthur Meierdick, Jr., general chairman.

Chicken Bar-B-Q committees for the Art Show, Farmer's Auction, Children's games and other special features, say that plans have materialized for a day of fun and pleasant eating.

Tickets are available from Club members, the Antioch Savings and Loan, the First National Bank of Antioch and the State Bank of Antioch. Tickets may be purchased for only \$1.75 per plate for a full course dinner of Chicken Bar-B-Q.

Terry Stewart, from left, Dawn Ellis and Cheryl Keckers show off one of the bikes that will be given away from the Antioch V&S Hardware by the Antioch High School Concert Band. Two bikes will be given away, one on Aug. 1 and the other on Aug. 2 by the band at a children's matinee at 2 p.m. on each of those days in

the Antioch Theater where "Clarence the Cross-Eyed Lion" will be shown. The proceeds from the movie will go for the proposed New York band tour in March, 1970. The band will sponsor other projects during Maxwell Street Days July 31, Aug. 1 and Aug. 2. These will include a bake sale, pepsi wagon and car wash.

Health Department Protecting Public

This year, the Lake County Health Department has been able to allocate about six per cent of its total budget, to its lakes and streams program, which is one of fourteen distinct categories of activities of the department, Dr. Jack Smith, director, reported.

During the past month we have had heavy rains with overloading of sewerage systems resulting in periodic discharge of untreated sewage into Lake Michigan. Water quality in bathing areas failed to meet standards established by the Illinois Sanitary Water Board.

Therefore, the medical director of the Lake County Health Department had no choice other than to recommend to responsible officials that the beaches be

(Continued on page three)

Antioch Gifts Total \$1,521

Mrs. Warren Chard, Grayslake, Branch IV Residential Chairman and Phineas Kyalla, Lake Villa, Independent Business Chairman for Branch IV (includes Antioch, Fox Lake, Grayslake, Lake Villa, Lindenhurst, Venetian Village, Round Lakes) are most happy to announce that Antioch has exceeded its goal of \$800.00 for the

New Tax Bite Aug. 1

Taxpayers will feel the effect of the new State Income Tax for the first time when they receive their first pay checks after July 31, the Taxpayers' Federation of Illinois stated today.

Effective August 1, 1969, every employer maintaining an office or transacting business in Illinois and required to withhold Federal income tax on compensation paid in Illinois to an individual, must also deduct and withhold an amount equal to 2½% of the compensation for State Income Tax purposes, after subtracting the proper withholding exemption.

Withholding exemptions are allowed employees under the new Act (S.B. 1150) equal to \$1,000 multiplied by the number of withholding exemptions the employee is entitled to under the Federal Act. The employee is not allowed an amount for deductions (itemized or otherwise) under the Illinois law as he is allowed under the Federal Act.

Employers will be required to set up additional payroll records as of August 1 because they will have certain additional duties. In addition to withholding from the employee, they must pay such withheld taxes to the Illinois Department of Revenue, or a designated depository, on or before the

James McCormack, right, Salem, accepts the Wall Street Journal Student Achievement Award from Kenosha's Technical Institute's accounting chairman Robert A. Mech. Jim was selected for his high grade point average, school citizenship, and leadership qualities. Jim, who is listed in the American Association of Junior Colleges "Who's Who", was elected Salem assessor in the April election. He is employed in the accounting department of the Kenosha Savings and Loan Association.

Cancer Crusade for 1969.

To date \$1,521.08 has been raised under the leadership of Mrs. William Brook, Residential Chairman and Robert Berg, Independent Business Chairman.

All monies collected go for the overall program of the American Cancer Society—Service, Education, and Research.

"In the field of education it seems timely that we should be thinking about 'Sense in the Sun' at this season of the year," Dr. Eugene Mandrea, member of the Executive Board of the Lake County Unit and a leading dermatologist in the area, said today.

"Cancer prevention begins on the beach, in the ballpark, and wherever people sun, for long periods of time without protection," Dr. Mandrea also said.

"A large proportion of all skin cancer can be prevented if people avoid excessive sun," he explained. "But in 1969, some 110,000 Americans will develop skin cancer, including 900 in Illinois. According to the American Cancer Society estimates, 5,000 Americans will die of skin cancer this year. 'Most are needless deaths,' Dr. Mandrea said.

"Skin cancer is highly curable if detected and treated early. Any person who has a sore that does not heal, or experiences a change in size or color of a wart, mole or birthmark, should consult a physician promptly.

Skin cancer accounts for 23 percent of cancer among American men. Fishermen, construction workers, sportsmen, should be especially aware of the hazards of excessive exposure to the sun.

"Caution in the Sun is really common sense. In action. Remember that anyone can develop skin cancer," Dr. Mandrea said. Sunshine should be taken in small doses. Protective clothing and broad-brimmed hats are important equipment for those who work or play in the sun.

"Schools, clubs, businesses and fraternal groups might be interested in alerting people to the

Bring Back Bingo

Sitting on Gov. Ogilvie's desk is a bill that would legalize Bingo for church, fraternal, veterans and other organizations.

It is most likely that the governor, a former sheriff in Cook County will veto the bill.

We hope that he does not.

We hope that he will sign the measure and put it into the statute books.

Now we are not going to sing a song about little old ladies playing Bingo so that they will be kept off the streets.

That is not the point of this bill.

There are many organizations that—through the use of Bingo in former years—contributed much to fire departments, hospitals, children's homes and the like.

We also venture to say that if it wasn't for Bingo and such many of the fire departments in western Lake County would be without some of the equipment they have today.

There are many safeguards on the bill that is presently before the governor.

An organization has had to have been in operation for five years before it can get a license—watched over by the state—to operate a Bingo game.

Also, a certain percentage of the proceeds from such games are returned to the state so that they can be applied to such things as children's funds and the like.

Whenever there is talk about Bingo coming in the hue and cry goes up that the big-time syndicate gamblers will move in and take over the games.

We just don't believe that hogwash.

That is the same old cry that goes up anytime anyone wants to do anything in the state.

We get just a little tired of all these outcries.

So governor, if you want to take a little onus off the income tax bill you signed into law—then sign the Bingo bill into law.

Some 600,000 members of various organizations have already petitioned you to do so.

We think they outweigh the cries of the often misguided and misused crime commissions.

Reach For Stars

Once again the United States has taken a huge step forward for all of mankind.

We have proved that American know-how and ingenuity can accomplish almost anything.

The recent moonshot pointedly makes this a fact.

We were very much impressed with our three astronauts who took the latest moon trip and then scooped up some souvenirs to bring back.

We held our breath when they fired the rockets to get them linked up again with the mother ship.

And we again are holding our breath until they are back, safe and sound, once again on the earth.

But we will never forget that we were first.

We are proud of that and we have every right to be.

So congratulations on your latest trip.

We hope that you will keep on reaching for the stars.

Your Congressman Reports.....

By Cong. Robert McClary

While relations with our Western European Allies have improved steadily under President Nixon, our relations with the countries of Latin America appear to have suffered a marked deterioration. This was dramatized by the recent visit of Governor Nelson Rockefeller to 20 countries of Central and South America.

A former Undersecretary for Inter-American affairs, with broad and long-time experience in South America, Governor Rockefeller was the logical choice to represent our nation in this visit which he describes as a mission of "understanding and friendship." In addition, Gale Plaza Lazo, Secretary-General of the Organization of American States, had recommended this mission to President Nixon.

Paradoxically, the entire project was intended to determine ways and means by which our nation might further aid the impoverished, overpopulated and unstable nations in the Southern half of the Western Hemisphere.

Rockefeller's abortive efforts may have accounted for several deaths and many wounded in the various disruptions and riots which accompanied his four separate trips. Conditions were so bad in Chile, Peru, and Venezuela that trips to those countries were cancelled, and his Bolivian visit, which had been scheduled as a one-day affair, was reduced to a three-hour stop at that nation's airport at La Paz.

In the light of the impending consideration by Congress of the foreign aid bill, the experiences of Governor Rockefeller and the 23 experts who accompanied him are of particular interest.

Student demonstrations are one thing. Other public disorders and riots organized both from within and without the South American Continent are another. Communist influences from the Soviet Union, Red China, and Cuba participated in fanning the fires of discontent and hatred which were apparent throughout Mr. Rockefeller's Latin American visits. Of even greater concern is the substantial evidence that the anti-American feelings are far more widespread and deep-seated than the organized student demonstrations would indicate. Many South American political leaders expressed complaints against our nation, and some revealed their contempt. All indicated their dislike for President Nixon's proposed new policy of "trade, not aid."

What most of these South American leaders are demanding is foreign aid "in cash," with the option of expending the funds in any way they choose. The Chilean Foreign Minister, Gabriel Valdez, declared: "The United States should pay us economic compensation in return for political support." The alternate appears to be that the South American nations will turn to Moscow and other Communist sources for assistance.

Meanwhile, political and economic conditions throughout Central and South America continue to deteriorate. Most of these countries are experiencing a population explosion which far exceeds improvement in production levels. Per capita income is diminishing in terms of real annual earnings and individual resources. In some South American countries more than 50 per cent of the population live in cardboard and tarpaper huts and shanties. Political corruption at all levels continues at about the same pace as ever. Few individuals are developing skills and managerial talents which can enable these countries to improve their capacities for industrial and agricultural production.

The frustration and discontent among Latin Americans are seemingly inevitable and quite understandable. However, it seems most unfortunate that these conditions should be evidenced by hatred and public displays by political leaders and public alike, against the principal source of substantial, long-time and far reaching aid.

Governor Rockefeller's effort to "look and listen" has resulted in some important messages to the American public and to our political leaders in the United States Congress. One message is that if Latin Americans want our foreign aid only on their terms, they may have to forego continuance of the well-intentioned Alliance

ALONG THE WAY with Annie Mae

GOOD LUCK

To our Miss Lake Region Colleen Gross who is in Aurora accompanied by Angie Maras. Colleen will compete in the Miss Illinois contest. If you'd like to wish her good luck just send a card to Miss Lake Region Colleen Gross, c/o Miss Illinois Pageant, Aurora College, Aurora, Illinois.

HAPPY BIRTHDAY

Ray Toft was honored with a surprise birthday cake with racing cars on it and Happy Birthday serenaded him from the loud speaker at the Wilmet Speedway last Saturday.

AULD LANG SYNE

Dottie Domnik (formerly Dottie Wilton) came to Antioch over the weekend. She visited with Mrs. Rhymer, Doris Hills and Millie Gaston. Dottie hasn't been in Antioch for at least nineteen years. She now lives in Colorado with her husband Jack and four children. Dottie is attending a convention of Graphoanalysts in Chicago.

Three More Beauty Contestants

Three more contestants have completed their applications for the Miss Lake Region Beauty Pageant that will be held next week.

The girls will spend three nights rehearsing for the Pageant which will be open to the public at 8:00 p.m. on August 2nd. The Pageant will be held in the Antioch High School Auditorium. The

Antioch Girl...

(Continued from page one)

The conference serves primarily to develop leadership among the 4-H program's 15-19 year old members. Theme for this year's conference is "What the World Needs Now."

Registration begins at 1 p.m. Monday, July 21, at the camp's assembly shelter. Jim Johnson, DeKalb, a 1969 continuation committee member, will be in charge of the opening assembly at 3 p.m. General Conference supervision is by Extension 4-H staff members and a 10-member continuation committee designated last year to advise on 1969 activities. A similar committee will be elected this year to assist with the 1970 conference.

Major speakers include Dr. Donald Storer, University of Wisconsin youth development specialist, on "Conscience, Commitment, Consistency"; and Arthur Holst, professional public speaker, of Peoria Heights, on "Challenges of a Pro."

Throughout the conference special-interest discussion groups will consider topics and problems brought to their attention by speakers and other participants. Each delegate will have the opportunity to take part in four of the 10 group discussions offered during the conference.

The conference ends Friday after closing ceremonies at the assembly shelter.

New Tax Bite...

(Continued from page one)

15th day of the second and third months of each calendar quarter, and on or before the last day of the month following the last month of each calendar quarter, whenever the amount exceeds \$100. If the total amount of taxes withheld by an employer is less than \$100, the Department of Revenue may permit annual payment of the withheld taxes.

Taxpayers should become acquainted with the provision pertaining to declarations. Every taxpayer other than an estate or trust must file a declaration of estimated tax for the taxable year if the amount payable as estimated tax can reasonably be expected to be more than \$50. Estimated tax means the excess of the amount of tax estimated to be due under the Illinois law over the amount estimated to be withheld or credited against the tax due.

As previously stated, under the Illinois Act individual taxpayers are allowed neither standard deduction nor itemized deductions as they are entitled under the Federal law. While an individual may deduct the State Income Tax in computing the Federal Tax, he must add back such amount in determining his Illinois base income.

Village Board...

(Continued from page one)

multiple family dwelling will be acceptable.

Italey pointed out that most of the recent requests have been for multiple family dwellings.

The board in other action approved the appropriation ordinance for the coming year—the shopping list for the village.

Approved was an appropriation of \$400,000 for the general corporate fund and \$399,450 for the sewer and water fund, both up from last year.

The board in other action: Ordered an ordinance drawn requiring parallel parking on Lake Street (a state requirement prior to resurfacing the street) and directed the clerk to write a letter to the state approving the plans for the resurfacing.

Appropriated \$300 for the Industrial Committee's new book on Antioch providing that the Antioch Chamber of Commerce contribute a like amount.

Directed the clerk to write a letter to the Soo Line asking that the rough crossing at Rte. 173 be repaired.

Directed the clerk to write letter to the state asking for approval of a traveling light on North Avenue at Main Street.

Accepted the bid of John Teresi of \$17,625 for the old police department building. Teresi was the second highest bidder but the highest bidder did not qualify.

queen will be crowned on the night of the Pageant with her and her court making a personal appearance at the Lions Club Chicken Bar-B-Q at the Antioch Aqua Center on Sunday, Aug. 3. The three girls that have entered this week are:

Nancy Kumpfer

Nancy Kumpfer, 17, daughter of Mr. and Mrs. Al Kumpfer, 1043 Spafford Street, Antioch. She is a graduate of Antioch High School 1969, plans to attend Lake County College where she will major in Art. She will be sponsored by Charmglow Products, Inc., Antioch, Illinois.

Lerae Kerr

Lerae Kerr, 17, daughter of Mr. and Mrs. Kenneth Kerr, 19 Lippincott Road, Fox Lake. She will graduate from Grant High School in 1970. She would like to become an airline stewardess after she completes high school. She will be sponsored by Stringer Dodge, Antioch.

Betty Clemons, 18, daughter of Mrs. Clara Clemons, 1413 Dering Lane, Lake Villa. She attended Antioch High School but will receive her diploma from Santa Monica City College and then continue her education at UCLA. She will be sponsored by Tony & Lill's Pizza, Antioch.

The eleven girls that have completed their applications so far come from varied backgrounds and it appears that together they will make a very interesting Pageant.

We hope that all people are keeping the date of August 2nd open so that they may attend the Eighth Annual Miss Lake Region Pageant.

Drivers Must Be Prepared At All Times

Driving on a rural road, you must be prepared for the unexpected. Things keep popping up at you and you can't be sure what you'll find around the next bend. It could be a slow-moving vehicle, a cow, a two-foot chuck hole, or someone slowly pulling out of a farm lane or side road.

Though rural roads include busy toll roads and dual-lane state and national routes, let us focus on roads frequented by farm people during their daily affairs: regular two-lane highways, county- and township blacktop and gravel roads, says the Lake County Safety Commission.

Rural roads often are traveled by an interesting array of drivers whose behind-the-wheel behavior isn't always consistent with maximum safety. You'll find young lads roaring into town, fool "in the carburetor," leap-over culverts like frogs.

You'll see city folks out for a leisurely drive through pastoral lands for scenery and a few breaths of relatively fresh air. Some old-timers will poke along resolutely in the middle of the road as if it were a private lane. And you'll note that many farmers pay more attention to livestock and fields along the way than the road.

Cars, trucks, pick-ups, farm tractors, cycles, visitors, commuters, workers—a potpourri of travelers are on rural roads. And you must drive knowingly and defensively to get where you're going safely.

The Lake County Safety Commission says "Make Rural Driving Safe Driving."

County Sends Two To State 4-H Contest

Two Agriculture Demonstration participants were selected July 16, to represent Lake County in the Illinois State Fair 4-H Agriculture demonstration contest.

Paul Paulsen of the Millburn Hornets 4-H Club presented an electricity demonstration on "How to Make a Lamp". Paul received an A rating and will represent Lake County at the State Contest August 8.

Also representing Lake County will be Tim Will of the Jolly Green Workers 4-H Club. Tim received an A rating on his demonstration of "How to Construct a Letter Holder" using horse shoes.

Also participating in the contest were Cindy Sayre and Cathy Tresch of the Wauconda Ag. 4-H Club. Their team demonstration on Painting Techniques received a B rating.

The judge for this year's contest was Dave Smith, Assistant Extension Adviser, in McHenry County. Mr. Smith commented that the demonstrations given were excellent and those who participated should be congratulated for their fine efforts.

The Illinois State Fair Demonstration Contest at Springfield will be conducted in the Junior Activities and Exhibit Building. Contestants will compete for A, B, or C ratings. Demonstration topics must pertain to 4-H projects in which contestants are enrolled in 1969 or to a 4-H activity in which they are participating. Demonstrations are scheduled from Aug. 8 thru 14 with nearly all Illinois counties participating.

Wisconsin Fair Offers Many Prizes

Good cooks and homemakers from all over Wisconsin will have "proof of the pudding" as judging in the Home Economics division for the 1969 State Fair of Wisconsin takes place. Competition is scheduled for the culinary, textile, and antique categories.

Clothing, home furnishings, and antiques will be judged at 9 a.m. Monday, August 4. In the culinary division, the baking, honey culinary, butter and cheese foods, and canning divisions are to be rated at 1:00 p.m., Thursday, Aug. 7. Winning entries in each division will be on display at the Women's Building during the fair, August 8-17.

Several special awards are available in each class. The Madison Dairy Produce Company, the American Honey Institute, the American Dairy Association of Wisconsin, the January and Wood Company, and Handweaver and Craftsman publications are offering prizes. These are in addition to the traditional blue ribbons that mean "Best in the State."

As an added incentive, the Archway Cookie Company is offering a plaque and \$100 bond for the best home-style cookie at the fair. This winner is then eligible for the national contest and a \$1,000 prize. The Archway Co. holds this contest yearly at about 20 State Fairs across the nation. The winning cookie from each fair is marketed, if possible. Last year's Wisconsin winner, a peanut confection called "Spell Binder," is now being produced by the company.

Entries in the clothing, home furnishings, and antiques divisions must be entered and delivered by 5:00 p.m., Sunday, August 3. Thursday, August 7, at 12:00 noon is the closing for entries in the culinary division. Articles entered and judged in previous years cannot be entered in this year's fair.

Entry blanks and a premium book giving full details of the contests can be obtained by writing to the State Fair of Wisconsin, Home Economics Department, West Allis, Wis. 53214.

Deadline Announced For Truck Plates

The Secretary of State's office has announced that the deadline for displaying new truck plates has been extended from midnight, July 15, to midnight, July 31.

The reason for the extension, said a spokesman for Secretary of State Paul Powell, is the shift this year for truck licenses from a calendar year to a fiscal year basis. Because of the change, truck owners, especially individual owners, unfamiliar with the new rules have been late in applying for their new licenses. The Secretary of State's office said that the move was made as a courtesy to truck owners.

5 Persons Injured In 2-Car Crash

Five persons were injured early Sunday in a two-car crash on Grass Lake Road, east of Deep Lake Road in Lake Villa Township.

Taken to Victory Memorial Hospital, Waukegan, were Ralph Cianciarulo, 47, of Berwyn, driver of one of the autos, and his passengers, Luigi Cassia, 21, Louis Porecca and Susan Porecca, both 21, all of Berwyn, and Arlene Cianciarulo, 32, of 802 Gages Lake.

Taken to the same hospital by the Antioch Rescue Squad was Daniel Bryllinke, 20, of Box 431, Antioch, who was charged with failure to drive on the right hand side of the road.

Burglars Get \$150 From Tap

Mrs. William Pierce, owner of the Cypress Resort, off Grass Lake Road near Antioch, reported to the sheriff's office that her tavern was looted of about \$150 last weekend.

Mrs. Pierce discovered the burglary Sunday. The money was taken from a box on a shelf beneath the bar. Nothing else was disturbed.

Name Three To Dog Show Committee

Three prominent Chicago business and civic leaders have been named to the 1970 International Dog Show Committee, with each serving in the capacity for the first time, according to Charles S. Potter, president of the International Kennel Club and the Chicago Union Stock Yards and Transit Co.

Mrs. C. Groverman Ellis of Francetown, N. H., has also been named as chairman of the April 4-5, 1970, show, according to Potter.

Those named to the committee last week include: Mrs. Gaylord Donnelley, Almond Road, Libertyville; Burr L. Robbins, 2430 Lakeview, Chicago; and William F. Carr, 1133 Cherry St., Winnetka. Other committee members on the committee are William Wood Prince and Potter.

Serving on the committee and handling trophy responsibilities, Mrs. Donnelley is well known for her Labrador Retrievers and German Short Hair Pointers at Broadford Kennels, Libertyville. The former judge of field trials is now serving on the Woman's Board and Board of Directors of the Rehabilitation Institute of Chicago. She also sits on the Woman's Board of the University of Chicago.

Mrs. Donnelley is active in the show ring and has membership in the Labrador Retriever Club and the Fort Dearborn Basenji Hound Club.

The 1969 International Dog Show was the largest show in the nation in terms of entries and numbers of dogs at the show.

Health Department...

(Continued from page one)

Sanitary District personnel collect and examine five samples for each bathing area each week. The Sanitary Water Board does this for each area every two weeks. The Health Department does the same twice weekly. Each agency uses a different laboratory. Two bacteriological tests, requiring two days to complete, are done on each sample. All results are processed and interpreted by the Lake County Health Department.

Processing involves computation of moving averages for five consecutive counts for two types of bacteria. Interpretation is based on criteria established by the Illinois Sanitary Water Board and agreed upon by the States of Illinois, Wisconsin, Michigan, and Indiana. When the two average counts show a pattern that does not meet standards, the water is

considered unfit for human contact. This sounds, and is, a bit complicated. However, at this time, it is the official set of procedures and standards.

The 1965 report by the Lake County Health Department listed five recommendations for the control of water pollution along our Lake Michigan shore that, I believe, are still applicable. These are:

1. That standards be established governing discharge of wastes into Lake Michigan.

2. That municipal sewage treatment plant wastes be given secondary biological treatment before they are discharged into Lake Michigan.

3. That sewage treatment effluents be disinfected so that coliform counts for them do not exceed 1,000 per 100 ML. of their point of discharge is located in close proximity to recreational beaches.

4. That municipalities and other agencies effect programs to minimize overflow of sewage to storm sewers and creeks, and by-passing of sewage around treatment plants.

5. That the evaluation of the potential hazards to the public health through continued use of Lake Michigan beaches be performed by a competent advisory body composed of physicians, bacteriologists and engineers, representative of municipalities in Lake County and the North Shore of Cook County. In addition, I think, we should do what is necessary to prohibit discharge of wastes from boats.

Our recent experience has brought the problem of water pollution to public attention in a somewhat painful way. We can expect it to be repeated. However, I hope that it will represent to most people a new opportunity to initiate community effort aimed at elimination of causes.

Lappen Completes...

(Continued from page one)

According to George E. Keough, Jr., manager of the office, Mr. Lappen was among 18 staff managers from Prudential offices in Illinois and Indiana who were invited to attend the course in the Chicago-based regional office in the Prudential Building.

Lappen became associated with the company as an agent in May, 1964. He was advanced to his present position as staff manager in March, 1969.

Topics for Today's Women

THURSDAY, JULY 24, 1969 THE ANTIOCH NEWS-4

Mr. and Mrs. Robert W. Thomley

Carol Fischer A June Bride

By Mrs. Bernice Bernau
Miss Carol Anne Fischer and Robert W. Thomley were married during a 2 p.m. nuptial mass in St. Dismas Catholic Church in Waukegan on June 23. The Rev. Mose Glynn read the double ring ceremony.

The bride, daughter of Mr. and Mrs. Francis Fischer, 2217 Hawthorne, Waukegan, was given in marriage by her father.

The groom is the son of Mr. and Mrs. Manfred Thomley, 2200 Rolling Ridge Lane, Lindenhurst. He is a graduate of Antioch Community High School.

The former Miss Fischer chose an organza and rose-patterned lace wedding gown, trimmed with pearls and rhinestones. The semi-bouffant skirt had a chapel train. Her illusion veil was held by a crown of pearls. She carried a bouquet of white and yellow daisies, white button mums and lily of the valley.

Miss Kathleen Girardi was her cousin's maid of honor. Wayne Bentel was best man.

Bridesmaids were Mrs. Judy Smith, Mrs. Linnea Sershen and Mrs. Marybeth Bentel. Groomsman were Bill Fischer, brother of the bride, Stanley Sutherland and William Sershen.

The parents of the couple entertained friends and relatives at their homes following the ceremony. Out of state guests attending were from St. Paul and Babbitt, Minn.; Chippewa Falls, Osego, Whitewater, LaCrosse, Kenosha and Salem, Wis.

Approximately 200 people attended.

Social Notes

By Del Jahneke

Mrs. Thomas Jacobsen, Beach Grove, accompanied the Don Rodgers family of Oakwood Knolls, on a motor trip to Dearborn, Michigan. There, Mrs. James Ruhl, and son, David, of Zion met them after flying to this destination. Both Mrs. Rodgers and Mrs. Ruhl are Mrs. Jacobsen's daughters. After staying a day at Dearborn, the families then drove on to Erieau, Ontario, Canada, to spend two delightful weeks at Mrs. Jacobsen's sister's home. Mr. and Mrs. Karl Sievert have a large summer home at this beautiful resort area. Later, Mrs. Ella Culp, Mrs. Jacobsen's mother, was another family visitor. All in all, it was a pleasant family reunion for all concerned.

The May Rathmann family, of Oakwood Knolls, spent the previous weekend at lovely Lake Koshkonong, Wis., at the summer home of the Herbert McConkeys of Palatine. Mrs. McConkey is Mrs. Rathmann's cousin.

MOOSE TOPICS

By Lillian Birdsell

The weather was perfect for the hundreds of Moose family and friends that gathered at Lake Shangri La on Sunday, July 20, for the annual Moose Picnic which was held there. With the temperatures up in the 80's, the children as well as their parents, enjoyed swimming and playing in the "cool" waters that surrounded the park, while others were out riding in their boats. Almost everywhere you looked, you could see the portable grills at work and the aroma of charco broiled meats filled the air.

Picnic tables which were covered with food, lawn chairs, baby playpens, buggies and blankets and other items of comfort were scattered all around the area. The children of all ages participated in the games and their laughter expressed their amusement for the funny clowns that entertained. Some of the men enjoyed a game of horseshoes while others played a game of ball and still others played a game of cards. Many prizes were awarded to the winners of the various games in both the younger and older groups.

Hank Kubicki of Trevor, Wis., was the winner of the \$75 war bond, one of the grand prizes awarded at the picnic. Fran Pfeleger of Silver Lake, Wis., was the recipient of the \$50 war bond and Peggy Jo Hanner, one year old baby of Mr. and Mrs. Gene Hanner of Waukegan, was the winner of the \$25 war bond. Governor of Antioch, Moose Lodge, Jerry Kusch, wishes to thank everyone for their participation at the picnic and extends sincere appreciation to all who donated their time and efforts in helping on the various entertainment programs that made this picnic the grand success that it was.

All Moose members and their friends are invited to attend the Mod Party which will be held at the Antioch Moose Home on Saturday evening, July 26. Music for dancing will be supplied by the Eddie Burke Band and a smorgasbord feast will be served to all the attending members. Plan to attend this gala evening of fun.

A reminder to all Moose members that fish fries are served at the Moose Home every Friday evening from 6 p.m. till 9 p.m. Plan on bringing the family out for a dinner treat at your Moose Home and at the same time you can be sure you are supporting a good cause.

Nelson Family Holds Reunion

The "Nelson" family had a reunion at the Myrus Nelson home on Sunday, July 13th. Seven brothers and sisters and their families were present. One brother Bill and family were unable to attend.

The 57 attending were: The George Nelsons from Trevor, Wis.; Myrus Nelsons from Antioch and Gurnee; Doretha Farms from Lake Villa and Grayslake, Alta Christensens, Antioch and Mundelein, Olive Nelsons from Gary, Ind., and Country Club Hill, Ill.; Don Nelsons from Zion and Waukegan, Una Fox and family of Antioch, two aunts, Mrs. Peggy Nelson Bolton of Antioch and Mrs. Mae Nelson Thomson, So. New Berlin, N. Y.

In mid-afternoon sudden blindness overtook Aunt Peggy (Mrs. Keith Bolton). She was rushed to Victory Memorial Hospital in Waukegan. Keith (Pete) Bolton was the oldest present and little Trent Farm was the youngest one present.

LEGIBLE
"The strength of this country has been attitudes such as the one shown by John Hancock, whose signature stands out boldly on the Declaration of Independence. This man is reported to have said he wrote his name large enough so that George III wouldn't have to put on his glasses to read it."—Somerset, Pa., American.

We took care of our granddaughter, Lauren Ann, while her parents, Bill and Ann Bernau, took a weekend vacation. They went to the Dells and then to the races in Elkhart Lake, Wis., on Sunday afternoon.

DOG RUN OVER
The Otto Anderson family at 1803 E. Pinecrest Ln. are said these days. Their pet dog was sleeping under the car when Mrs. Anderson backed out one day last week, and ran over him. They had him for nine years and felt bad to lose him. If you have a dog, look under and around the car before you drive in or out.

Where The Boys Are

GLENDAL, Ariz.—U.S. Air Force Sergeant Russell L. Tilton, son of Mr. and Mrs. Wayne Tilton of Wilmot, Wis., has been decorated with the Bronze Star Medal with "V" device for Valor while engaged in military operations against Viet Cong forces. While assigned as a jet engine mechanic at Phan Rang AB, Vietnam, Sergeant Tilton was dispatched with an aircraft recovery team to Katum Special Forces Camp to recover a disabled aircraft blocking a runway. Braving an intense enemy mortar attack, he helped make necessary repairs to the aircraft and reopen the aerial resupply line to the beleaguered camp.

He was presented the medal during ceremonies at Luke AFB, Ariz., where he is now assigned to a unit of the Tactical Air Command. The sergeant is a 1965 graduate of Wilmot High School.

Sgt. Russell L. Tilton, right, receives the Bronze Star medal with "V" for Valor at Luke AFB, Glendale, Ariz., from Maj. Gen. Jay T. Robbins, commander of the 12th Air Force.

Sp. 4 Walter J. Zmuda

Sp. 4 Walter J. Zmuda, Jr., spent his six days of rest and rehabilitation leave with his wife Coni in Hawaii. He has already spent nine months active duty in Vietnam and is expected home late in September.

Zmuda is the son of Mr. and Mrs. Walter J. Zmuda, Sr., of rural Antioch.

A change of address has been received this week for Donald Brausam. His new address is: SP/4 Donald Brausam, 342-38-5296, 86th Tran's Co., APO San Francisco 96941.

Three Students Make Dean's List

Three Antioch area students at the University of Illinois at Urbana-Champaign have been placed on the Dean's List, it has been announced. They include: Joseph David Shirk, 2307 E. Countryside, and Thomas Arthur Reed, 1206 Honey Lane, both in Lake Villa, and Kenneth F. Hunt, 310 John Mogg, Wildwood.

Cleanup Hints for Outdoor Living
Satisfying your cabin fever this summer? If you are renting a cabin at seashore or mountain top, don't let cleaning get in the way of fun. Keep it cool and simple by assigning this hard-working quartet to all clean-up jobs: one good broom, a supply of sponges and brushes, an all-purpose pine oil cleaner-disinfectant, and a supply of re-usable paper towels.

Has your broom beat a retreat—just when you need it for a pre-barbecue clean-up? Solve the mystery of disappearing household tools by getting a special set for outdoors. Keep the outdoor clean-up equipment near as possible to your outdoor living area. You can even hang your pretty broom on a hook outside. Hint for good brooming: Always dampen broom before you sweep. This keeps the dust from flying.

Screens keep the bugs out but let dust and dirt in. Keep dust from spreading by regular screen-cleaning. An oversized sponge, plus a high-concentration pine oil product will not only clean screens speedily but will disinfect them as well—an especially good idea when tiny hands and faces press against screens for a look outside.

Before a dress-up summer party, be sure outdoor furniture and tables are fresh and clean. In tune with summertime, take it easy and hose furniture down, then sun dry. If you clean your garden furniture the day before, cover with plastic cleaning bags. This way your guests will really be sitting pretty at your party.

Vietnam, Sergeant Tilton was dispatched with an aircraft recovery team to Katum Special Forces Camp to recover a disabled aircraft blocking a runway. Braving an intense enemy mortar attack, he helped make necessary repairs to the aircraft and reopen the aerial resupply line to the beleaguered camp.

He was presented the medal during ceremonies at Luke AFB, Ariz., where he is now assigned to a unit of the Tactical Air Command. The sergeant is a 1965 graduate of Wilmot High School.

Garden Club Will Meet On July 28

The Antioch Garden Club will meet on July 28 at 12:30 p.m. in the Antioch Savings and Loan Building.

This will be the Club's guest day, with Mrs. Emil Walker, Jr., as the program speaker.

Her topic will be "Table Settings for Flower Show Competition" co-ordinating floral arrangements with china and crystal.

Mrs. Walker is well known in this area for her many achievements in the gardening field and tours through her beautiful gardens.

She is a Director on the Garden Club of Illinois Board of the National Council of State Garden Clubs. To quote from the Garden Glories, the official publication of the Garden Clubs of Illinois, Inc.:

"Mrs. Emil A. Walker, Jr., newly elected Flower Show Schools Chairman, is a member and past President of the Country-side Gardeners of Crystal Lake. She has served on the Board of the Garden Clubs of Illinois as Horticulture Chairman, Conservation Chairman and Inter-Club Relations Chairman. Mrs. Walker is an outstanding horticulturist, a Nationally accredited Flower Show Judge, Nationally Accredited Landscape Critic, a lecturer and teacher."

Preceding the program, luncheon will be served and a business meeting conducted by Mrs. Clarence Spiering, President, who will also extend greetings and a warm welcome to the guests, including representatives from several garden clubs, who have been invited to share in the afternoon activities.

Hostesses for the day are Mrs. Elmer Christophersen, Vice-President and Chairman, Mrs. Edward Dompke, Mrs. Walter Laurell and Mrs. Albert Wieghart.

(By Fran Boxley)

THURSDAY, JULY 24—Regular business meeting of Antioch Women of the Moose will be held.

The new officers will be in their stations, except for Senior Regent Rose Marie Hadley who will be on vacation in the New England States. She and her husband Bob will visit the Moose Lodges there.

Anne Stickler, Junior Regent will serve as Senior Regent at this meeting.

There will be some business discussions brought up on the floor.

We miss a lot of our regular co-workers who haven't attended our meetings, due to illness and other activities. It will be an exciting night when they all return to our midst.

Remember, our meetings are held on the first and third Thursday of every month.

Call 395-4111 to place a Society or News Item.

MISS DEB

... answers questions about Junior Miss etiquette, grooming and interests.

Q. Another long dreary summer coming up! I'm too young to work and too old (and bored) not to plan something. What can I do to fill up those long empty days?

A. Summer can be a real drag without something to do. What would you like to do? Interested in theater? Visit your local summer theater and volunteer to paint scenery or help usher during performances—a good way to see them free! If you like children, offer to read for them at the library—or be an assistant counselor at a playground. Dust off that unused bicycle and go on an all-day bike-hike with your friends. Make a bunch of wild-colored paper flowers, plan a picnic, whip up your dream dress, learn karate, shape up your figure with swimming—do everything you've been dying to do these drab winter months!

Q. I get confused when we play follow-the-leader down the aisle at a movie. Who goes first—me or my date? And who goes into the seats first? It's double trouble when we're with another couple.

A. The easy-come, easy-go method is for the girl to follow the usher down the aisle with the boy following the girl. If there is no usher, the boy precedes the girl down the aisle. The girl goes into the row of seats first, the boy follows her.

With two couples, use the same method of walking down the aisle, but when you get to the row of seats, the girls sit in the middle with the two boys on either side.

Q. My face is particularly oily during the summer—and on comes my annual worst case of blotchy blemishes! You can't exactly stop in the middle of a beach and wash your face—and sometimes I'm at the beach all day.

A. So many girls feel that the sun is just what is needed for blemished skin—and they're so right—up to a point! A suntan on your face should help dry the skin slightly—but easy does it. Golden glows are fine but deep bronze tans may make your skin coarse and bring out more oil than ever. As for those long lazy days at the beach, why not bring along a plastic bottle of astringent? Carry a pocket pack of Kleenex tissues and dab on the astringent once or twice during the day. This should keep your face oil-free, clean and clear. Happy sunning!

(Free—a how-to folder for decorating teen things: "Blossoming Book Covers," "Tulip Lamp Shade," "Bedecked Specs," and others. Write Boutique, Kimberly-Clark Corp., Dept. 551-P, Neenah, Wisconsin 54956.)

Salad Bar Luncheon Plans Progressing

Plans for St. Peter's Annual Salad Bar Luncheon have been formed and the ladies are beginning preparations for the yearly event to be held Saturday, Aug. 16.

Mrs. Marie Esser is chairman for the event. The following ladies will be in charge of various committees:

Mrs. Joan Cilik, Mrs. Margaret

Beckman, Mrs. Marge Warner, Mrs. Caroline Costoff, Mrs. Betty Mentone, Mrs. Rosemary Hevrdj, Mrs. Mike Gross, Mrs. Joanne Springer, Mrs. Pat Schreiber, Mrs. Shirley Gutowski, and Mrs. Bunny Mihovilovich.

The luncheon will be held in St. Peter's Social Center. The affair promises to be better than ever.

Co-op To Hold Art, Hobby Show

The sixth annual Co-Op Art and Hobby Show will be held the weekend of August 8 and 9 at the Co-Op Food Center, 2424 Washington Street, Waukegan.

Artists will set up their exhibits on the outside of the building while hobbyists will display their treasures downstairs in Pioneer Hall.

There will be a refreshment wagon on the parking lot and also an Old Fashioned Ice Cream Social.

Many of the artists' paintings and a great deal of handcraft work will be for sale.

The show will correspond with the opening hours of the Food Center. On Friday it will run from 9 a.m. to 9 p.m. and Saturday from 9 a.m. to 5 p.m. If you wish to participate, contact Audra Ikan at the Co-Op office (MA-3-0713).

The public is invited and there is no admission fee.

Rose Walsh To Sing In Concert

Rose Walsh, of Rt. 4, Box 364 Antioch, will participate when the 17-voice Whitewater State University Summer Choir will present a free, public concert on Thursday, July 31 at 7:30 p.m. in the Whitewater First Methodist Church.

The program will be under the direction of Dr. Robert Perinchief, professor of music at the college.

KINDA CROWDED

"Did you know," queries "Commerce" magazine, "nearly 70 per cent of American people live in metropolitan areas—which comprise only one per cent of the Nation's total land?"

It's easy to place a classified—Just dial 395-4111.

St. Stephen Lutheran

Hillside Ave. & Route 59 Antioch, Illinois

THE CHURCH ON THE HILL INVITES YOU TO WORSHIP ON SUNDAYS AT 9:30 A.M.

BEHIND YOUR HEALTH

H. E. Kingman, Jr., D.V.M.

Last year, Bill Knight, an employee of the Southwest Foundation for Medical Research in San Antonio, tried to coax the laboratory inhabitants into ending a hunger strike by eating the institutional food himself. After observing several of Knight's meals, one striker agreed to try the food. Others followed, and two weeks after it began the strike was over.

Knight's experience illustrates both the difficulties and rewards of working with the chimpanzee, a remarkably intelligent animal. Chimps are currently working in the space program performing very complex tasks as stand-ins for the astronauts. Also, research into the behavior of chimps is teaching us much about man as a social animal.

Because they are relatively rare, extremely expensive and difficult to keep, chimps are uncommon laboratory animals. The most widely studied subhuman primate is the Rhesus monkey, a hardy animal which adapts well to captivity. The Rhesus played an indispensable role in the development of the polio vaccines. Experimentation with Rhesus also identified Rh blood disease, a condition in which a pregnant Rh negative woman develops antibodies against her own child if it is Rh positive. Infant deaths can now be prevented with transfusions for the newborn and a vaccine administered to the mother.

Subhuman primates must be used selectively as research animals because of their expense and the need to observe sound conservation practices to protect various species. Nevertheless, as man's closest animal relative, they are invaluable aids to understanding man himself.

CHRISTIAN SCIENCE CHURCHES

"Truth" is the subject of the Lesson-Sermon for this Sunday's services in Christian Science churches.

In the Responsive Reading are these words from John: "For I have not spoken of myself; but the father which sent me, he gave me a commandment, what I should say, and what I should speak."

A related passage from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "Truth is revealed. It needs only to be practiced."

All are welcome at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, at Antioch, Illinois. Services begin at 11 A.M.

Deep Lake News

By Mrs. Bernice Bernau

Jack Humphries, secretary of the Deep Lake Improvement Association for the past 11½ years, presided over the first meeting, July 12, the group has had since November 1967. The meeting and picnic was called by the six aldermen of Deep Lake Subdivision and the two remaining officers, Mr. Humphries and Mr. Ralph G. Sanders, acting treasurer. One hundred twenty-five notices of the meeting were mailed to residents.

Fifty-five adults and several children attended the 2½ hour meeting that proved very interesting, in the fact that the people showed deep concern over the beach vandalism, the running of stray dogs, extra boats on the lake and of posting signs to control the influx of outsiders. Residents were asked to pay their annual dues of \$12 a year, which pays for the upkeep of the beach street lights, sand and gravel, and the maintenance of one road.

Douglas Ploss was elected president for 1969-70. Others named to serve with him are Michael Cowie, vice president; Richard Lund, secretary; and Mrs. Walter C. Schley, treasurer.

After the business meeting which was held at the Ploss home on Gratton and Sixth Avenue, the group enjoyed a picnic with hot dogs, beer, and pop for the children.

Sand was delivered to Sixth Avenue Beach last week, but had to be spread around. Six men and several children did the work, plus moving the pier, cutting the brush and moving boats. More help will be needed this Friday when sand is delivered to First Avenue and Third Avenue Beaches.

JUST ARRIVED?

We've no red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. A Welcome Wagon hostess will visit at your convenience to provide all this and gifts as well. It's all yours—free—for a telephone call to Welcome Wagon at

Report From Germany...

(Continued from page one)

ish cleaning off his plate. This meal holds down the appetite until 2:30 when again we stop and drink coffee and have one or two sandwiches. The final meal of the day is after work at 6:00 p.m.

This is a light meal of left overs or cheese and cold meat and a sauce like strawberries and milk to replace the liquid.

I am sure every American weight watcher is thinking that all Germans must gain a lot of weight. This does not seem to be too much of a problem. One must remember that the diet is mostly starches with very little sweets.

The second point of interest here in North Germany is the language. The children all learn Hoch Deutsch or high German in school, but many also learn a dialect called Platt Deutsch. It is a language or dialect that is similar to German and in some ways similar to English. A person who speaks only Hoch Deutsch finds it very difficult to understand Platt Deutsch.

An example of this is the word water. In Hoch Deutsch it is spelled wasser and pronounced with a "v". However, in Platt Deutsch it is pronounced almost like English.

There are also many Platt Deutsch words that are entirely different than English or Hoch Deutsch. This is confusing to many Germans and more so to some Americans trying to understand them.

While the entire Federal Republic of Germany is less than twice the size of Illinois, it has more dialects than the entire United States. I find this hard to believe but then they find it hard to believe that a country as large as ours can speak only one language.

My biggest problem at the moment is learning to understand Hoch Deutsch better. It has been a long time since I studied it, but every day I realize I understand it a little more.

Certification Needed By GI Students

Students attending college under the GI Bill this summer are reminded that they must return their Certification of Attendance card to the Veterans Administration during the last full month of every enrollment period, including the summer session.

Failure to do so will cause payment to stop since VA computers are programmed to prepare checks only after Attendance cards are received.

The VA also urges any student who did not return his Certification of Attendance card at the end of the spring semester to do so as soon as possible to insure renewed VA payments this summer or when he goes back to school in September.

Veterans who have questions about their status or who intend to enroll for the first time this fall are urged to contact their nearest Veterans Administration office.

Trash Is Major Problem

Taking out the trash is fast becoming a major problem throughout the U.S.

Each day some 770 million pounds of refuse is dumped, dropped, thrown or burned. By the year 2000—a short 30 years away—it is estimated that the country's daily trash pile will grow to 2 billion pounds.

That's a lot of garbage. The natural gas industry has taken the lead in a research project designed to combat this so-called third pollution before it reaches the serious stages of air and water pollution.

Marvin Chandler, chairman of Northern Illinois Gas Company, said the natural gas industry is participating in the construction of a \$1.5 million pilot plant in Erie County, New York. Chandler explained:

"The plant will use natural gas at temperatures high enough to consume every kind of household garbage, and do it without polluting the air.

Chandler said the pilot plant will dispose of 75 tons of refuse per 24-hour day in a building containing a hot blast heater, a gasifier, an igniter, a spray tower, and fabric-type filter to collect any particulate matter.

Future plans call for the construction of plants capable of consuming 300 tons of refuse per day, converting it into a clear, gravel-like residue. Chandler added:

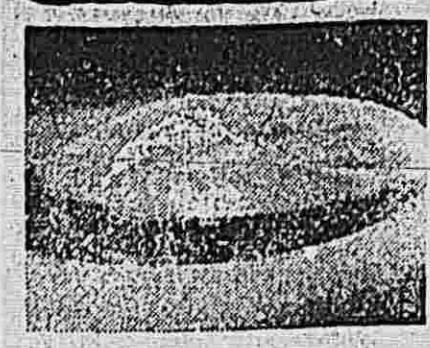

"The natural gas industry has been the standard-bearer in the battle against air pollution, where its energy has been proved to be the only practical solution. We feel confident that we also can lead the attack on the fast-growing problem of garbage disposal."

School Heads Will Meet In Springfield

Illinois County Superintendents of Schools will hold their annual meeting in Springfield, July 30 and 31, it was announced today by Ray Page, Illinois Superintendent of Public Instruction. The 102 superintendents and their assistants will convene at the Holiday Inn East to discuss current educational projects on both the state and federal levels.

Verne E. Crackel, Deputy Superintendent of Public Instruction, will preside at the opening session at 9:30 a.m. Wednesday, July 30, R. B. Mades (Kane County) President of the Illinois Association of County Superintendents of Schools, and Superintendent Page will speak at the opening session. Governor Richard B. Ogilvie will be the speaker at the Wednesday banquet at 6:30 p.m. His topic will be "The Governor Reports."

Among the subjects to be discussed are the new state aid formula, new transportation formula, mandatory special education, recognition of schools, vocational education, state and federal programs, instructional television and new legislation by the recent General Assembly affecting the state office and the county superintendents of schools office.

Q. What's the name of this meat cut?

A. Center cut smoked ham slice.

Q. Where does it come from? How is it identified?

A. It comes from the section known as ham which is the leg. Cured and smoked, it has the characteristic color, a deep pink. It is identified also by the several muscles in the meat as well as the small round bone.

Q. How is it prepared?

A. By broiling, panbroiling, pan-frying or roasting (baking). This meat cut is also a good choice for broiling on an outside grill. When cut one-half inch thick, the ham slice will broil in 10 to 12 minutes; those cut an inch thick will broil in 16 to 20 minutes.

Both times given are for the total cooking period. Have the ham slice two to three inches away from the heat whether cooked inside or out. Thinner ham slices, those less than one-half inch in thickness, are best when panfried.

By Marjorie Marsh

Just the other day I received a note from my dear friend, Louise who moved from our home town many years ago. She thought I would be amused to hear that she now relaxes at a Wednesday afternoon sewing circle, just as our grandmas did when we were little girls.

And I was amused! Since then I've snooped about and found that hooking rugs, as Louise does, has become quite popular with many different people throughout the country. Now there are special kits which are very simple to use, and you can even keep the little printed with the design you're doing in a car or train... or even, watching television.

Pre-cut Wool In Special Kit

The choice of patterns is so large that you can surely find one that adds glowing warmth and that personal touch to either traditional or modern rooms. Along with a canvas printed with the design you've chosen comes a special latch hook that ties the individual pieces of yarn. Best of all there are little paper packets, imprinted with the Woolmark of quality, that hold the individual colored wool yarns already cut to the right size.

With pre-cut wool the pile height of the rug is uniform, and the results are handsome. Like Oriental rugs they turn even a modest room into a palace!

High School Requests Blueprints

The Antioch High School Board of Education has requested Rockford architects Gilbert-Johnson to present specifications and blueprints for the new addition to the high school.

The presentation will be made at the Aug. 13 meeting, according to Supt. Albert Dittman who said bids will be sought and opened by Sept. 17.

An area in the northwest section of the campus will be cleared and utilized for parking, Dittman said. The district sold two homes which will be moved and the remaining two structures will be used by the Antioch Fire Department for fire-fighting practice.

Dittman said approval was also given to a contract for \$3,672 with the Chicago Fence Co. to provide 279 feet of new fence; gates; posts and relocation of an existing fence.

Swim Party Set For Antioch Cubs

Antioch Cub Pack 192 will hold a swimming party at the Antioch Pool on Thursday evening, July 24 (tonight) beginning at 8:00 and ending at 11:00.

All Cub Scouts and their parents are invited to attend. Soft drinks can be purchased at the pool. Anyone desiring to bring food may do so.

FUNERAL NOTICES

MISS MABEL BROGAN

Miss Mabel Brogan, 78 years old of 523 Nahor St., in Antioch, passed away at 6:30 p.m. Wednesday, July 16th, at the Parkview Nursing Home in Zion. She was born July 23, 1890 in Antioch and had lived here all of her life, with the exception of the past four years spent in the nursing home. She was a member of St. Peter's Church in Antioch and the Altar and Rosary Society of that church.

She had clerked in the former Williams Brother Dept. Store for many years, and later was a partner in Barnstable & Brogan's Store in Antioch until her retirement in 1961. She was preceded in death by one sister, Mrs. Maud E. Hurlgen on May 21, 1947, and three brothers, Claud Brogan, on March 18, 1936, Frank J. Brogan on Aug. 9, 1954, and Clarence "Richard" Brogan on Oct. 24, 1950.

She is survived by several cousins.

A funeral mass was held at 11 a.m. Saturday at St. Peter's Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch. Friends called at the Strang Funeral Home in Antioch after 3:00 p.m. Friday where parish prayers were recited at 8 p.m. Friday.

MRS. MARIE KLOSS

Mrs. Marie Kloss, 74 years old of Silver Lake Park Subdivision near Antioch, passed away Wednesday, July 16th at Victory Memorial Hospital. She was born July 22, 1894 in Germany and had come to the United States in 1910 to reside in Chicago until moving to Antioch in 1952. She was a member of St. Peter's Catholic Church in Antioch, and the Altar and Rosary Society of that church.

She married John F. Kloss on Aug. 16, 1916 at Chicago Heights, Ill., and he preceded her in death on Feb. 10, 1956.

She is survived by four sons, John J. Kloss, with whom she visited frequently at Somers, Wis.; Melvin G. Kloss, Harold L. Kloss, and Howard A. Kloss, all of Chicago; one sister, in Germany; 7 grandchildren, and two great-grandchildren.

Funeral mass was held at 1:00 p.m. Saturday at St. Peter's Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch. Friends called at the Strang Funeral Home in Antioch after 3:00 p.m. Friday, where parish prayers were recited at 8:00 p.m. that evening.

MRS. DOROTHY E. ATKINSON

Mrs. Dorothy E. Atkinson, 48, of Channel Lake, died Wednesday afternoon, July 16, in Victory Memorial Hospital, Waukegan, after a short illness.

Born on Dec. 2, 1920 in Chicago, she came to Antioch in 1963 where she owned and operated the Pink Posie. She was a member of St. Peter's Church and the Altar and Rosary Society. Mrs. Atkinson was also a member of the TOPS of Antioch.

Surviving are her husband, James J., one brother, George J. (Trudy) Andrews of Alsip, two sisters, Laura and Betty of Oak Park, nieces and nephews.

Funeral services were held Saturday from the Colonial Funeral Home, 532 Lake St., to St. Peter's Church, where mass was celebrated at 10 a.m. Interment was at Mt. Carmel Cemetery at Antioch. Parish prayers were recited Friday at 8:30 p.m.

RAYMOND J. LAUER

Raymond J. Lauer, of Berwyn, a summer resident of Petite Lake for approximately 40 years, died last Sunday.

Mr. Lauer was a member of the American Society of Tool and Manufacturing Engineers, American Society of Mechanical Engineers, Scottish Rite Valley of Chicago and Medinah Temple.

Survivors are his widow, Bertha (nee Schmidt), daughter, Evelyn (Jack) Magnuson, and one son Raymond (Frances); and five grandchildren: Brett and Kirk Magnuson and Raymond, and Deborah Hildebrandt and Greg Lauer.

Funeral services were held Tuesday at 10:30 a.m. at H. Mark Sons Funeral Home, 6507 W. Cermak Rd., with interment in Woodlawn Cemetery. Masonic services were held Monday at 8 p.m. under the auspices of Northern Lights lodge, No. 1055 A.F. & A.M.

In lieu of flowers, contributions to the Cancer fund will be appreciated.

FRANK KAY SHRADER

Frank Kay Shrader, 808 Sheridan Rd., Evanston, owner of Shrader's Grass Lake Resort, died Tuesday, July 22.

In 1952 he retired as vice president of Halsey Stuart Co., Investment Bankers of Chicago.

Mr. Shrader was born in Bushnell, Ill., and was a 1909 graduate of the University of Illinois, and

Coin Club To Present 7th Showing

The North Shore Coin Club will hold its 7th annual coin show at the Holiday Inn, Northbrook, from noon to 7 p.m. on Sept. 7.

The committee has planned a bourse, an auction and educational exhibits.

The club recently elected new officers. They include Sigurd Nielsen, president; Linder Peterson, 1st vice president; M. Rochetti, 2nd vice president; Jack Baldwin, Jr., secretary, and Harriet Bible, treasurer.

Directors include Albert Kremer and Martin Greene with Charles Ricard named as ANA Club Representative.

Four From McHenry To Attend Meeting

Four delegates from McHenry County are among the 300 Illinois youth at the 30th annual Junior Leadership Conference at Monticello, this week Monday through Friday. The conference is being held at the 4-H Memorial Camp.

Representing McHenry will be Kevin Schultz, McHenry; Marjorie Lacy, Harvard; Roxanne Sward, Harvard, and Mickey Luth, Harvard. These 4-H'ers were selected for their excellence and leadership potential.

The conference serves primarily to develop leadership among the 4-H program's 15- to 19-year-old members. Theme for this year's conference is "What the World Needs Now."

Throughout the conference special-interest discussion groups will consider topics and problems brought to their attention by speakers and other participants. Each delegate will have the opportunity to take part in four of the 10 group discussions offered during the conference.

The conference ends Friday after closing ceremonies at the assembly shelter.

a member of Phi Beta Kappa, Sigma fraternity, University Club of Chicago, and Deerfield Golf Club.

Survivors are his widow, Violet a daughter, Susan Huff and one son, Paul Michael Shrader, and two grandchildren.

Services will be held at 2:30 p.m. today (Thursday) at Saron Lutheran church, N. Richmond and W. Shaepeare ave., Chicago. Entombment in Rosehill mausoleum.

Employment Will Be Surveyed

The person who is out of work has a better than 50-50 chance of finding a new job through the Illinois State Employment Service, according to the Illinois State Bar Association.

A bar group said state law requires the Illinois Department of Labor to operate free employment services in all municipalities in the state having a population of 25,000 or more.

During 1968, the State Employment Service found jobs for 206,776 persons, more than half the number of applicants. Private employment agencies licensed by the state found jobs for another 219,088 persons during the year.

By law, the ISBA noted, any person who has applied for unemployment compensation or who has applied for and is receiving public aid, and who is able to work, must register with the State Employment Service. However, the employment office will try to find a new job for any applicant, including the person who is employed but wants to make a change.

The person who is registered as a job-seeker with the State Employment Service is free to apply for work directly with a prospective employer, or through any of the 815 licensed private employment agencies. Although private employment agencies are authorized by law to charge fees for placing a person in a job, often the employer pays the fee, rather than the employee.

The State Employment Service also is required by law to help find jobs for discharged and paroled convicts. The Service has a special bonding program for such persons and other workers who ordinarily would be unable to qualify for jobs that require bonded employees, such as some messenger and delivery services.

Hall Completes Insurance Meet

George Hall, Country Companies insurance agent in Lake County, attended a commercial property and casualty insurance seminar that was held July 14-18 on the campus of Illinois Wesleyan University in Bloomington.

The seminar emphasized rating and risk analysis concerning the companies' special multi-peril policy and instruction in the com-

Fire Resistant Pajamas Ordered

The Veterans Administration has ordered 100,000 sets of a new type of fire resistant nylon pajamas for patients in its 166 hospitals, according to Donald E. Johnson, Administrator of Veterans Affairs.

The new pajamas are made from a commercial synthetic fiber resistant to high temperatures that has been tested at length in 11 VA hospitals.

They will provide increased patient safety in the event a fire should occur, and the new order is a part of VA's continuing patient safety program that last year brought awards in each of the seven American Hospital Association safety contest categories for which VA hospitals were eligible.

Early VA testing centered on regular cotton pajamas treated with a heat resistant chemical, but it was found the protective factor was lost through repeated laundering.

Then the VA asked several mills to develop a special "check weave" pajama cloth from a fiber known to be resistant to high temperatures.

In addition to safety value, the new pajamas were tested for comfort, durability, ease of handling, patient acceptance, washing ease, static, shrinkage, allergy reaction, odor, transparency and clinging. Except for ease of handling (hospitals reported the garments were hard to stack) the new material received good marks.

These tests uncovered an added benefit. Although the new pajamas cost VA about three times as much as regular pajamas, it was found they last 15-times as long, and thus are more economical.

VA hospitals that participated in the testing program are located at Tuscaloosa, Ala.; Oteen, N. C.; Fort Wayne, Ind.; Wadsworth, Kansas; Bay Pines, Fla.; Knoxville, Iowa; Omaha, Neb.; Buffalo, N. Y.; Minneapolis, Minn.; Little Rock, Ark.; and Dallas, Texas.

mercial automobile garage liability policy for insuring service stations, implement dealers, automobile dealers, and auto repair shops. Total client account analysis and insurance service were also included in the course.

Hall has completed several other company-sponsored life, health, fire and casualty courses.

THE ANTIOCH NEWS

Bob Young Back In Winning Way

Ray Young of Chicago drove back into the winner's circle Sunday night at the Waukegan Speedway as Bob Roper, who won the last three features, sat on the sidelines with engine problems. Both Friday night's midget races and Saturday's late model events were cancelled by bad weather.

Roper, also of Chicago, set fast time Sunday and finished a close third in the trophy dash. In his heat race an engine valve spring broke and Roper was out for the night.

Young's feature win didn't come easy, though, as he waded through the traffic to finally take the lead on the 19th lap. The race had five different leaders with Waukegan's Rich Davis in command for four laps before Young maneuvered in front.

Carl Major of Chicago took the lead in the first turn with Rich Kleich of Chicago and Al Gutche of Pleasant Prairie right behind. One lap later Kleich slipped into the lead, but that was short lived as he spun coming out of the second turn with a number of cars hitting him.

This accident eliminated Wayne Helfgott of Arlington Heights, Rich Sundling of Chicago and Kleich. The race continued with Gutche taking the lead. Two laps later Major regained the lead in an exciting battle as Bob May of Waukegan also moved into the picture.

Gutche and May both passed Major in the seventh lap. With Gutche now in the lead, May proceeded to put continued pressure on the Wisconsin driver. By the tenth lap the leaders were Gutche, May, Major, Davis, Al Hagerty of Libertyville, Young, Dennis Burgan of Old Mill Creek and Jim Cossman of Waukegan. In the 12th lap May's transmission failed. As he dropped out, Davis raced into second with Young moving all the way up to third. Davis took the lead right at the half-way point with Young

also getting by Gutche.

Young hung on Davis' rear bumper for the next four laps before Davis was slowed by a car being lapped in the 19th lap. Young streaked on to victory, winning by four car-lengths. Davis was second followed by Hagerty, Burgan, Cossman and Gutche.

The hobby stock feature was

Bergsma Wins Mod Feature

Lake Geneva, Wis.—Ron Bergsma, a Plymouth Sales Representative and modified stock car driver of a Hemi powered machine, won the 30 lap feature race at the Lake Geneva Raceway as the favorites were also rans in a wild night of action.

The feature race had just settled down to a speed contest, supreme when on the 6th lap Al Schill, Paul Cameron and Jr. Dodd tangled in the fourth turn. On the restart all were back in action except one of the standouts in Raceways racing, Al Schill of Frankville. At the end chasing Bergsma all the way were Denny McKay of Elgin, Roger Otto, Burlington, Dodd, Waukegan, and Tom Anderson, Antioch.

McKay had set fast time of 17.0 seconds. Schill won the Trophy Dash with heats going to Dodd, Schill and McKay. The closest finish was in the heat won by Schill with Bergsma crowding on the outside and Tom Anderson making a bid down the middle.

Richard Drews of Lake Geneva won the Sportsman's stock car feature. He had a good lead and just stayed out of trouble to the checkered flag from the mid-point in this race. Genoa City drivers accounted for two heat race wins with Phil Bjerning bringing his Buick home in front of a charged up pack in the first heat and Fran Baumgartner winning the third heat. Dick Hay, Elkhorn, won the second heat. The feature race was sparked by several spins off the track but none serious enough to bring out a red flag and it marked the first time in several weeks that a restart was not necessary in the fender class of competition.

The late models will race next at the Lake Geneva Raceway on Friday, July 25 and then switch to Saturday nights on Aug. 2.

GOLF STANDINGS

Th July 17th Thursday Nite Twilight League at Spring Valley C.C. found the Kenosha Savings & Loan team back in first place with 36½ points.

Their sponsor, Don Carr who incidentally plays with the Antioch Lumber team, is hoping his sponsored team will repeat their 1968 victory.

Father and sons will be matched as Charles & Chuck of Cermak Realty play Peter and Dan Mattoni of Antioch Landscaping on this Thursday's play.

Note to Wayne Helwig: an audit revealed that the Antioch Landscaping team is only one point behind in the first place battle.

Standings as of July 17
1. Kenosha Savings & Loan 36½
2. Antioch Landscaping 35½
3. Marchuck's Resort 32
4. Tem's Luggage 30
5. Hospitality House 29½
6. Maggie & Bob's Tavern 28
7. Cermak Realty 27½
8. Camp Lake T.V. 26
9. Ray's Shell Service 23½
10. First Nat'l. Bank 23
11. Antioch Lumber 20½
12. Antioch State Bank 12
Geo. F. Pahlke, Sec'y.

Bill Bohn Wins 30 Lap Race

Wilmot, Wis.—Bill Bohn of Kenosha again won the 30 lap modified stock car feature at the Kenosha County Speedway at Wilmot making back to back wins in the last two weeks.

Point leader Roger Otto wound up third after a back and forth duel with Ron Bergsma who took second. At one point, Bergsma had been sixth but swept into second spot in one wide backstretch drive.

Al Schill was out of the feature following an early lap tangle. Bohn also won the second heat to be the only double winner of the night in the modifieds. Other heat race winners went to Claude Polter, Eddie Loomis and Jim Bozean. John Arnold won the semi feature.

In a special match race between late model stock cars and sportsman cars, Roger Haggie in a Dodge Charger was the winner.

The Clark brothers dominated the Sportsman stock car events as Chuck won a heat and the semi and Cal won the feature. Other heats were won by Dale Erdman and Chuck Chadwick. Tom Anderson of Antioch set fast time in the modifieds qualifying but was involved in various tangles in his heats and features and finished far off the pace set by the winners. This caused Tommy to remark, "I'm going to practice my stroking." Stroking is the slower running of qualifying runs that permits a car to start up front in the heats and races but a practice never employed in modified stock car racing.

stopped by a mass pileup in the first lap. On the restart Gary Holder of Huntley took the lead and led all the way until with a half lap to go, Harold Grimes of McHenry gained top spot. George Garrett of Zion was third.

POINT STANDINGS Through July 2, 1969

Seven From Antioch Win Awards

Seven members of the Antioch Club took home trophies at the Illinois Conservation Archers Second Invitational shoot Sunday, July 20.

Over 100 archers participated in the annual shoot. Winning from this area were Scott Gates, John Lips, Dave Smith, Shirley Sommers, Sandra Landt, Emil Marquardt and Laurette Schaefer.

Sept. 6 and 7 the club will hold its annual Broadhead Shoot and a large turnout is expected. On July 31 the club will start its second five week free course in archery for children between 10 and 15. Contact Russ Landt, 395-2639 for the details.

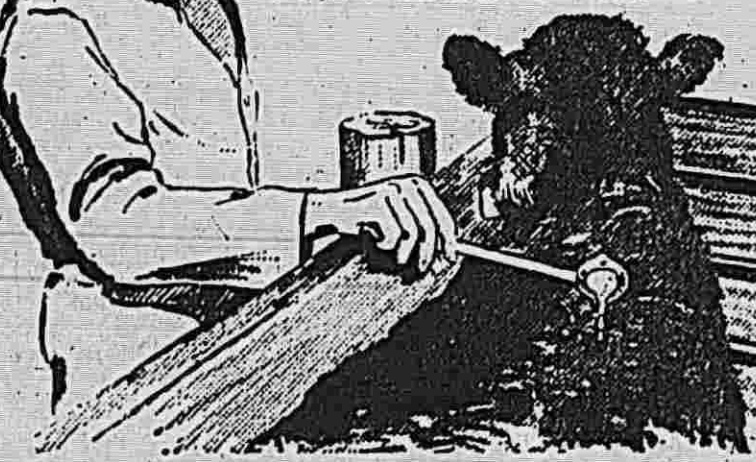

All you need is the bow and arrows.

The club is located on the Northern Illinois Conservation Club grounds, 3 miles west of Rte. 50 on Rte. 173.

The Atlantic sturgeon is a long fish covered with a tough skin and bony plates. The average female produces over a million and a half of eggs. Prepared and salted, these are known as caviar.

Trends of Today

GRUBS AND LICE ARE A SERIOUS THREAT TO CATTLE FEEDERS. INFESTED CATTLE DO NOT MAKE MAXIMUM GAINS OR USE FEED IN THE MOST EFFICIENT MANNER. CARCASSES ARE DOWN-GRADED AT THE SLAUGHTER HOUSE.

ONE APPLICATION OF WARBOX FAMPUR POUR-ON SYSTEMIC CATTLE INSECTICIDE PROVIDES 95% CONTROL OF CATTLE GRUBS. THE MATERIAL IS SAFE WHEN USED AS DIRECTED.

IN ADDITION, WARBOX GIVES GOOD TO EXCELLENT CONTROL OF BLOOD-SUCKING LICE WHEN CATTLE ARE NOT REINFESTED. AS A RESULT FEEDLOT OPERATORS MAY EXPECT TO RECEIVE A \$10 RETURN FOR EVERY \$1 INVESTED IN THIS TREATMENT.

DRIVING FOR TRAFFIC SAFETY

by Paul Powell Secretary of State

Today's tollways and expressways call for many changes in driving habits, but the old essentials for safe driving still hold true.

One of the biggest hazards of multi-lane driving is the stop-and-go. Minimum speeds are posted for that very reason and vehicles that can't keep up with the fast moving pace are restricted from these controlled access roads.

Obedience to the speed restrictions is a simple matter of obeying the law. Being a well-mannered driver is another thing altogether.

This involves consideration of other drivers at all times. Signal your intentions well in advance of your maneuvers to let the driver ahead or behind know what you will be doing.

Dim your lights when approaching the rear of another car. Your headlights are just as bright and as deadly in your rear-view mirror as they are to an oncoming car. When you use your lights in the daytime, use your dimms, they're just as bad as the headlights as they are at night.

Stay a reasonable distance behind the car ahead of you. Tailgating can come to a pretty disastrous end.

VA Explains July 1 Pay Hike

The Veterans Administration today explained that the July 1 increase in the base pay of members of the Armed Forces will mean an increase in dependency and indemnity compensation (DIC) payments only for the 160,000 unremarried widows on the DIC rolls.

Dependent parents and children receiving DIC monthly payments from the VA did not receive an automatic increase in their payments as a result of the military pay raise.

Payments for these parents and children are fixed by the Congress. Benefits for unremarried widows relate to military pay scales, with the formula for determining the amount of monthly payments calling for \$120 a month, plus 12 per cent of the monthly basic pay now being received by a serviceman whose rank and years of service are the same as those of the deceased veteran.

Thus a raise in military basic pay, such as that which went into effect on July 1, automatically increases DIC payments to eligible widows.

Shrine Charities Bowl Game Set

The third annual Lake County Shrine Charities Bowl football game will be played Aug. 9 at Waukegan's Weiss field between the Lake County Rifles and the Rockford Rams.

Ted Clavey, chairman of the event, has announced that tickets are now available for the game. The affair is sponsored by the

Lake County Shrine Club, the Chain O' Lakes Shrine Club and the Tehala Motor Patrol which comprise all the Shriners in Lake County.

Proceeds will go to the Shrine charities, which include the national crippled children hospitals and burn institutes and scholarships for Lake County residents interested in taking nursing training in the Illinois Masonic Home.

Plans are being worked out for a more than 25-unit parade to lead off the activities and perform during half-time. Units from Wisconsin, as well as Illinois, are expected to participate in the event.

Tickets are available at the State Bank of Antioch; Bank of Mundelein, Mundelein; Langworthy's, 525 N. Milwaukee Ave., Libertyville; Lou Taylor, Insurance, Lake Forest; Hook's Men's Store, Grayslake; Clavey & Pelay Lithographers, Inc., 914 Greenwood Ave., Waukegan; Carl Nauta Insurance, Waukegan; and B. E. Nordmark, State Farm Insurance, 2910 Sheridan Road, Zion.

O'Brien Opposes Licensing Boaters

Deputy Michael O'Brien, head of the Lake County Sheriff's water patrol on the Chain O' Lakes, says he would not favor a law requiring the licensing of power boat operators similar to the drivers licensing exam for operating motor vehicles on our highways.

O'Brien, speaking on the weekly radio series "This Week in Lake County," says a survey was done by the State of Michigan in anticipation of proposed legislation to require a power boat operating license and found it would cost about \$3.5 million. Further, it was concluded that such a license would not cure the situation.

It is O'Brien's contention that most boating accidents are the fault of a reckless few who indulge in pure carelessness with disregard for the life and property of others.

Four Sheriff's patrol boats are out on the Chain each weekend and also make spot checks of the land-locked lakes in western Lake County. O'Brien says he and his men are writing more ci-

tations as boat traffic increases each year.

"One other problem," O'Brien said, "is that not enough boat owners know the regulations. There are approved courses available in our area through the Power Squadron and other organizations, and it would be an advantage for their own safety to enroll in one."

Illinois law requires all boats to be registered, with the numbers displayed on the craft; life preservers or jackets for each occupant; running lights for night operation; a fire extinguisher; and the registration card carried on board.

O'Brien reminded boaters that some violations of State regulations carry stringent fines and/or jail sentences and urged all boaters to "think of the other guy."

Little League Action

Antioch Little League action got under way on Monday, July 14, with the Sox whipping the Cubs by a 3 to 0 score.

Tom Warner hit a home run for the Sox in the top of the 3rd with 2 men on to account for all the scoring.

Warner also limited the Cubs to one hit performing his mound duties and picked up the win with Mike Witt the losing pitcher.

On Tuesday, July 15, the Tigers were scheduled to meet the Yankees but inclement weather forced postponement of the action. The game has not been rescheduled.

The Pirates took on the Giants on Wednesday, July 16, and the Giants edged them by a 4 to 3 score. The winning pitcher was Gary Klean who relieved Dave Bogart in the 4th, and Jim Shostak suffered the loss.

On Thursday, July 17, the Cardinals beat the Dodgers by a 6 to 2 score with Dale Gundy helping out his own cause by hitting a homer in the 2nd. Phil Linberg was the loser.

The Tigers took on the Sox on Tuesday, July 18, and came home a 5 to 4 victor. The Sox tallied two homers in a losing cause with Todd Buxton hitting one in the 5th and Tom Warner one in the 6th. The winner pitcher was Jeff Schmidt who relieved Tom Underhill in the 6th while Ron Sheedlow took the loss.

The Little League Sisters took the measure of the Little Leaguers in a game held Tuesday, July 15, when the game was called because of an 8:15 p.m. curfew.

Beaches Closed By Health Department

Lake County Health Department Director Jack I. Smith, M.D., recommended that public beaches on nine locations along the Lake Michigan shoreline be closed temporarily, effective Tuesday July 8.

The directive followed tabulation of bacteria counts over a five-day period at thirteen sampling points from Wisconsin state line to Cook County.

Dr. Smith said recent heavy rains caused a recurrence of an almost annual problem, namely

overflowing of sewage treatment plants. He says plants are built to handle a certain capacity and unusually heavy rains will invariably overload existing facilities. This results in excessive runoff and in some instances bypassing the plant, and a corresponding contamination of lake water for a period of time. He went on to say that some contamination of the lake occurs with every heavy rain but this doesn't always mean a level beyond permissible limits.

Smith said there is a time lag of two or three days between sampling and final results. Then, in order to tabulate accurately, a five-day average must be used as the norm. Samples are run twice each week along Lake Michigan beaches. A high bacteria count will normally be dissipated over a period of days with good weather prevailing.

dangers of skin cancer," Dr. Mandrea added. "The Lake County Unit office of the American Cancer Society, 228 N. Genesee St., Waukegan, has a film on the subject, entitled, 'Sense in the Sun'."

Free screenings may be arranged by calling 336-9293. A 'Sense in the Sun' leaflet and a booklet on 'Cancer of the Skin' are also available. Be sure to call or write if you wish the booklet set or you wish to arrange a program with a film and a Doctor-speaker.

Sgt. T. M. Harrison, of Antioch, is with the 25th Division in Vietnam. He is returning home in the next 45 days.

Motor Club Hits Solons On Tax Bite

Gerald W. Cavanagh, president of the Chicago Motor Club, in commenting on the new highway bills signed into law by Gov. Richard B. Ogilvie which increase the state gasoline tax, boost vehicle registration fees, and empower a new Illinois Highway Trust Authority, to issue \$2 billion of highway construction bonds over a 10-year period, said:

"It is unfortunate that the 1969 Illinois General Assembly acted in an inconsistent manner by voting to add considerably to the already heavy tax burden of Illinois highway users while at the same time defeating a resolution to constitutionally protect highway funds from diversion."

Cavanagh expressed regret that the highway bond issue legislation did not earmark the next taxes for payment of the bonds and did not include specification of the areas of the state in which it is intended that the new highways shall be built. Without specifying in the law itself the corridors within which such roads are to be constructed, he pointed out, there is no legal requirement that the priorities announced by the Division of Highways in lobbying for the bill will be followed. Further, the motor club president said, the bills contain no provision dedicating the new taxes exclusively to payment of principal and interest on the bonds.

Also disappointing, he said, was the assembly's failure to approve the motor club-endorsed anti-diversion resolution which, if passed, would have permitted Illinois voters to determine at the November 1970 election whether highway user tax money should be constitutionally protected from diversion to non-highway purposes. Said Cavanagh:

"By defeating the anti-diversion resolution, the legislature again denied voter-taxpayers a chance to decide for themselves whether Illinois should join the list of 28 other states which already have non-diversion constitutional amendments."

"The motor club is confident, however, of eventual passage of an anti-diversion amendment because of the increasing realization throughout the state that this constitutional protection of highway funds is the only way Illinois can be assured of the modern highway development so essential if any significant progress is to be made in reducing our mounting traffic death and accident toll."

The new gas and registration fee increases and the \$2 billion highway bond issue which they are intended to finance make passage of an anti-diversion amendment even more essential than ever to insure that highway tax revenue will be applied only to highway purposes and to guarantee that the Illinois highway user will get the type of highway improvements to which he is entitled."

Cavanagh emphasized that the Chicago Motor Club will seek to make the anti-diversion constitutional amendment a major topic of discussion at the upcoming Constitutional Convention.

Tools Taken From Garage At Grass Lake

Raymond Marion, of 1900 Washington St., reported to the sheriff's office that \$1,435 worth of tools were taken Saturday from a garage on the east side of Deep Lake Road south of Grass Lake Road near Lake Villa.

Marion said he discovered the theft last Saturday when visiting the site where he plans to build a home. Thieves broke a padlock to enter the garage, he said.

Four Free Days At The Fair

The State Fair of Wisconsin is designed with people in mind. To prove it, the 1969 Fair, August 8-17 has planned four days of free admission: Young America Day for those who "know where it's at," Armed Forces Day for our service personnel, Children's Day for the kids, and Senior Citizen's day for the young at heart—over 65.

On each special day, from opening until 6:00 p.m., thousands of these lucky people can enjoy the fun and excitement of the Fair at no charge. This includes all the Grandstand shows!

First of the special days is Young America Day, Friday, August 8. With free admission for those of the young generation under 18, a special Grandstand show at 12:30 and 3:00 p.m. will feature television and cinema star James Darren.

The popular Sandpipers and Ray Stevens will also perform. That evening, at the "Fairness of the Fairs" pageant, Pat Boone and Vonda Kay Van Dyke will star. At this time, a lucky young lady from Wisconsin will be crowned queen of all the fairs.

Saturday, August 9, finds Armed Forces Day honoring our servicemen. Service personnel in uniform will be admitted free to the Fair on this day. The "World's Pageant of Bugles and Drums," featuring 12 of the nation's top drum corps from as far away as New York and California, will be held at the Grandstand beginning at 10:00 a.m. The evening performance will feature the multiple talents of the Baja Marimba Band, comedian George Kirby, and Eddie Albert, star of "Green Acres." They will also perform the following two days, at the Sunday and Monday evening shows.

Clowns, animals, and high wire acts entertain Children's Day, Monday, August 11, with little ones under 12 admitted free. A good time for all is promised as the annual contest for the most freckles, longest pigtails, most look-alike twins, and shortest crew-cut gets underway on the Revue Stage at 10:00 a.m. Local TV personalities like Bob Trent, Miss Julie and Uncle Otto, and Ronald McDonald will be on hand to add to the kids' fun.

Recognition and Senior Citizen's Day Tuesday, August 12, rounds out the calendar of special days, with free admittance for folks over 65. Families and firms having their homestead or companies for one hundred years or more will be honored. The Country Farm and Home Awards are to be presented at 10:00 a.m. on the Mall Stage while the Century Firm Awards will be given at 11:15 a.m. in the Marketing Building. That evening, sensational Diana Ross and the Supremes will sing their way into everyone's heart as comedian Stu Gilliam adds the chuckles. So pick your day and come to the Fair. You can't miss for fun, entertainment, and an all-around good time. Grandstand shows are scheduled for 6:30 and 9:00 p.m. except for the "Fairness of the Fairs" pageant, Friday, August 8, which will be at 8:00 p.m. There's something for everyone at the 1969 State Fair of Wisconsin.

Art Exhibit On Display In County

An art exhibit by students of the Music Center of Lake County is on display through the end of the month in the Lake County Administration Building.

David Goodman, director of the non-profit fine arts school, said a dozen of the paintings are by Miss Christine Dugan, winner of a full tuition scholarship provided by the architectural firm of Ganster & Hennighausen, Waukegan, architects for the courthouse complex. Miss Dugan is a secretary at the Chicago Title & Trust Company in Waukegan.

The paintings represent efforts by adults in the beginner, intermediate and advanced art classes. Mrs. Judy Haurich, chairman of the art department, noted that the subject matter is similar in many cases but the individual interpretation of the subject is varied and interesting. Another exhibit of art and ceramic work by students of the school is being shown through July in the Waukegan public library, said Goodman.

The Music Center located in Bowen Park, Waukegan, is dedicated to developing the talent of all students and to make the arts a part of their everyday life. Many of the students are subsidized with support for the school coming from donations by individuals, business and industry.

Winings Appointed Membership Director

Ernest Winings, a former dairy farmer who attained prominence in the Wisconsin, Illinois and Indiana area covered by Pure Milk Association as first vice-president and a director of PMA, has been appointed director of membership of that 10,800-member organization, effective July 14.

The appointment of Winings, who is from Rt. 1, Lovington, Ill., was announced by A. L. McWilliams, general manager of Pure Milk Association.

McWilliams said PMA is expanding into new market and membership areas and that Winings and Howard Gordon, PMA membership director the past seven years and a member of the PMA members' service field staff the preceding 10 years will form a team to meet the association's expansion plans.

Gordon's new title will be special representative in membership development.

Winings served two years on the Decatur (Ill.) Milk Association board of directors prior to that group's merger with PMA in 1959. He then served as director of PMA district 21 in central Illinois for nine years and as first vice-president of PMA four years.

He represented Pure Milk Association on the resolutions committee of the National Milk Producers Federation. He also served on the board of directors of Associated Dairymen, Inc., and as vice-president of the Illinois Milk Producers Association. He was chairman of the Illinois Mastitis Council for more than a year before he retired from the PMA board in 1968, after selling his dairy herd, to enter a business field and continue in grain farming.

Carroll will head Safety Seminar

John W. Carroll, publisher of the Pickwick Newspapers, Park Ridge, has been elected president of the Illinois Editors' Traffic Safety Seminar for the 1969-70 year, according to Lionel Kramer, Seminar secretary and director of public relations for the Chicago Motor Club.

Carroll, a charter member of the Seminar, is a veteran suburban newspaper publisher and was elected to the State Senate in 1966 after serving several terms in the Illinois House. Also, in 1966 he was named "Seminar Man of the Year" for his "career dedication to the cause of traffic safety and continuous support of Seminar livesaving activities."

The Seminar will hold its 13th annual meeting on April 23-24, 1970, at the Ramada Inn, Champaign.

Receives Degree

Carlisle Rasmussen, of 512 Sears Blvd., Wildwood, has received a master's degree from Roosevelt University in ceremonies held June 15.

The natural home of the wild goldfish is in southern China and the Chinese first domesticated them a thousand years ago.

"If I had my 'druthers,' I'd prefer to spend my own tax money for my own welfare. Figure I can do it better than anything I've seen out of the government experts who have taken over most of our money and seem to want the rest of it."—Wynne, Ark., Progress.

Middle age is when your wife tells you to pull in your stomach and you already have.

Calcium and magnesium in your water also are responsible for other headaches around the home. Hard water forms insoluble scales when it is heated or evaporated and as little as one-sixteenth of an inch of scale may lower the heating efficiency of a hot water heater by 15 percent. That's because the scale acts as an insulating material. However, thanks to modern water-engineering research, you don't have to worry any more. Water conditioning equipment has been developed to remove these pests before they get into your hair.

As the water arrives in the home, it is filtered through a mixture of special resins and they remove the calcium and magnesium, leaving the water as good as it was when it left the clouds.

The African lungfish has been known to live longer without food and water than any other backboneed animal. Specimens have been kept alive in a natural state of suspended animation in blocks of hardened mud for more than four years and then "awakened" successfully.

The difference in speed of passenger cars and trucks compared with farm tractors (the rate of closure) creates a special hazard that can only be reduced by alertness and courtesy on the part of both slow-moving operations and the drivers of faster moving vehicles.

To help the other drivers more quickly identify a slow-moving vehicle, a SMV emblem has been developed. "While a few states have adopted this triangle-shaped, reflectorized sign as their official warning, Illinois law still requires the red flag or flashing light," Director Klebe pointed out.

During late July and August, the tempo of activity on the farms is increased when crops are harvested, stored and marketed. The increased exposure to traffic accidents is two fold: First, there is more movement of tractors and slow-moving farm vehicles on and across public highways; and farm trucks and trailers are busy hauling farm produce to market and storage," Jerry Klebe, Executive Director, Safety Commission said today.

Traffic accidents account for nearly half of the accidental deaths of farm residents. This death toll could be substantially reduced if both the drivers of passenger cars and the operators of slow-moving vehicles would observe the rules of defensive driving. The first rule of defensive driving is that you SEE AND BE SEEN. To make certain that slow-moving vehicles, traveling less than 20 mph can be seen, Illinois law requires them to display a red flag not less than ten feet nor more than 12 feet from the ground, while traveling on the public highway. The operator has the option of using a flashing signal lamp mounted as high as practicable and visible for at least 500 feet in normal sunlight.

Do not back a vehicle until you are positive that all is clear behind and in front of you. On pulling out of a driveway, make sure you have the right-of-way and that you are not interfering with the flow of traffic.

On leaving a curb, use your directional signals. You should have an unobstructed view of the road behind you in your rear-view mirror and you should also physically turn and check for any area that your mirror does not cover. Then pull away slowly.

For further information on safe driving obtain a copy of "Rules of the Road" from Paul Powell, Secretary of State, Springfield, Illinois 62705.

DRIVING FOR TRAFFIC SAFETY

by Paul Powell Secretary of State

Sometimes motorists become involved in fatal accidents because they do not think and heed some of the most elementary rules of the road. Here are a few that one seldom thinks of as rules of the road.

Open the garage doors before you start your car. And when on the road, make sure your vehicle is ventilated by keeping the windows open enough for protection against carbon monoxide.

Do not back a vehicle until you are positive that all is clear behind and in front of you. On pulling out of a driveway, make sure you have the right-of-way and that you are not interfering with the flow of traffic.

A Universal Interest

New White House State China Service

To the American housewife, the thrill of serving her family or guests from new fine china dinnerware is universal. Mrs. Lyndon Johnson is no exception and recently she proudly displayed a new White House state china service for the first time.

Guests at an informal reception to mark this occasion included employees and officials of the companies involved in the design and manufacture of the china as well as representatives of the White House Historical Society and the executive mansion service staff.

The First Lady felt it particularly fitting that those persons involved with the American-designed and American-made dining service should be among the first to view it in its permanent home in the executive mansion. Guests included representatives of Tiffany & Co., New York; Castleton China, New Castle, Pa.; Commercial Decal, Mt. Vernon, N. Y.; and INTERPACE, Parsippany, N. J., parent company of Castleton.

The new presidential service, purchased by the White House Historical Society for the people of the United States, consists of 216 place settings of ten individual pieces per setting.

Original designs for the White House state service were by Van Day Truex, and the paintings of flowers for decorations were by Andre Pletto, both of Tiffany & Co.

Most unusual item in the china service is the center plate, which also doubles as a dessert plate. The center decorations for these plates consist of individual representations of the state flowers of the fifty states and the District of Columbia.

Basic decorative design of all pieces is a radiating and

vaulted pattern of pure gold dots over the rim areas of the plates and on the outsides of the hollow pieces, such as cups, cream soups and bowls. Each piece is edged with a scalloped gold band adjacent to a band of pink-orange. Wildflowers of the Southwest United States are also featured in the rim designs of the service plates, dinner plates, rim soups, cups and bowls.

The large service plates depict a flying American eagle and shield in plate center. The eagle design was adopted from a state service acquired for the executive mansion by President James Monroe.

Manufacture of the new service required six months at the Castleton plant, utilizing the skills of more than two hundred employees in forming, decorating and firing the ware.

The entire project, through research, designing and manufacturing, covered a period of two and one-half years.

The new china is more informal than a previous White House dinnerware. The First Lady was the principal motivator of the less formal styling and the Tiffany designers followed her preferences.
